BEYOND CAMPUS CURRICULUM

*Bachelor of Humanistic and Socialistic Medicine (BSHM)
for Healthcare Providers*

CURRICULUM DOCUMENT

Course Director

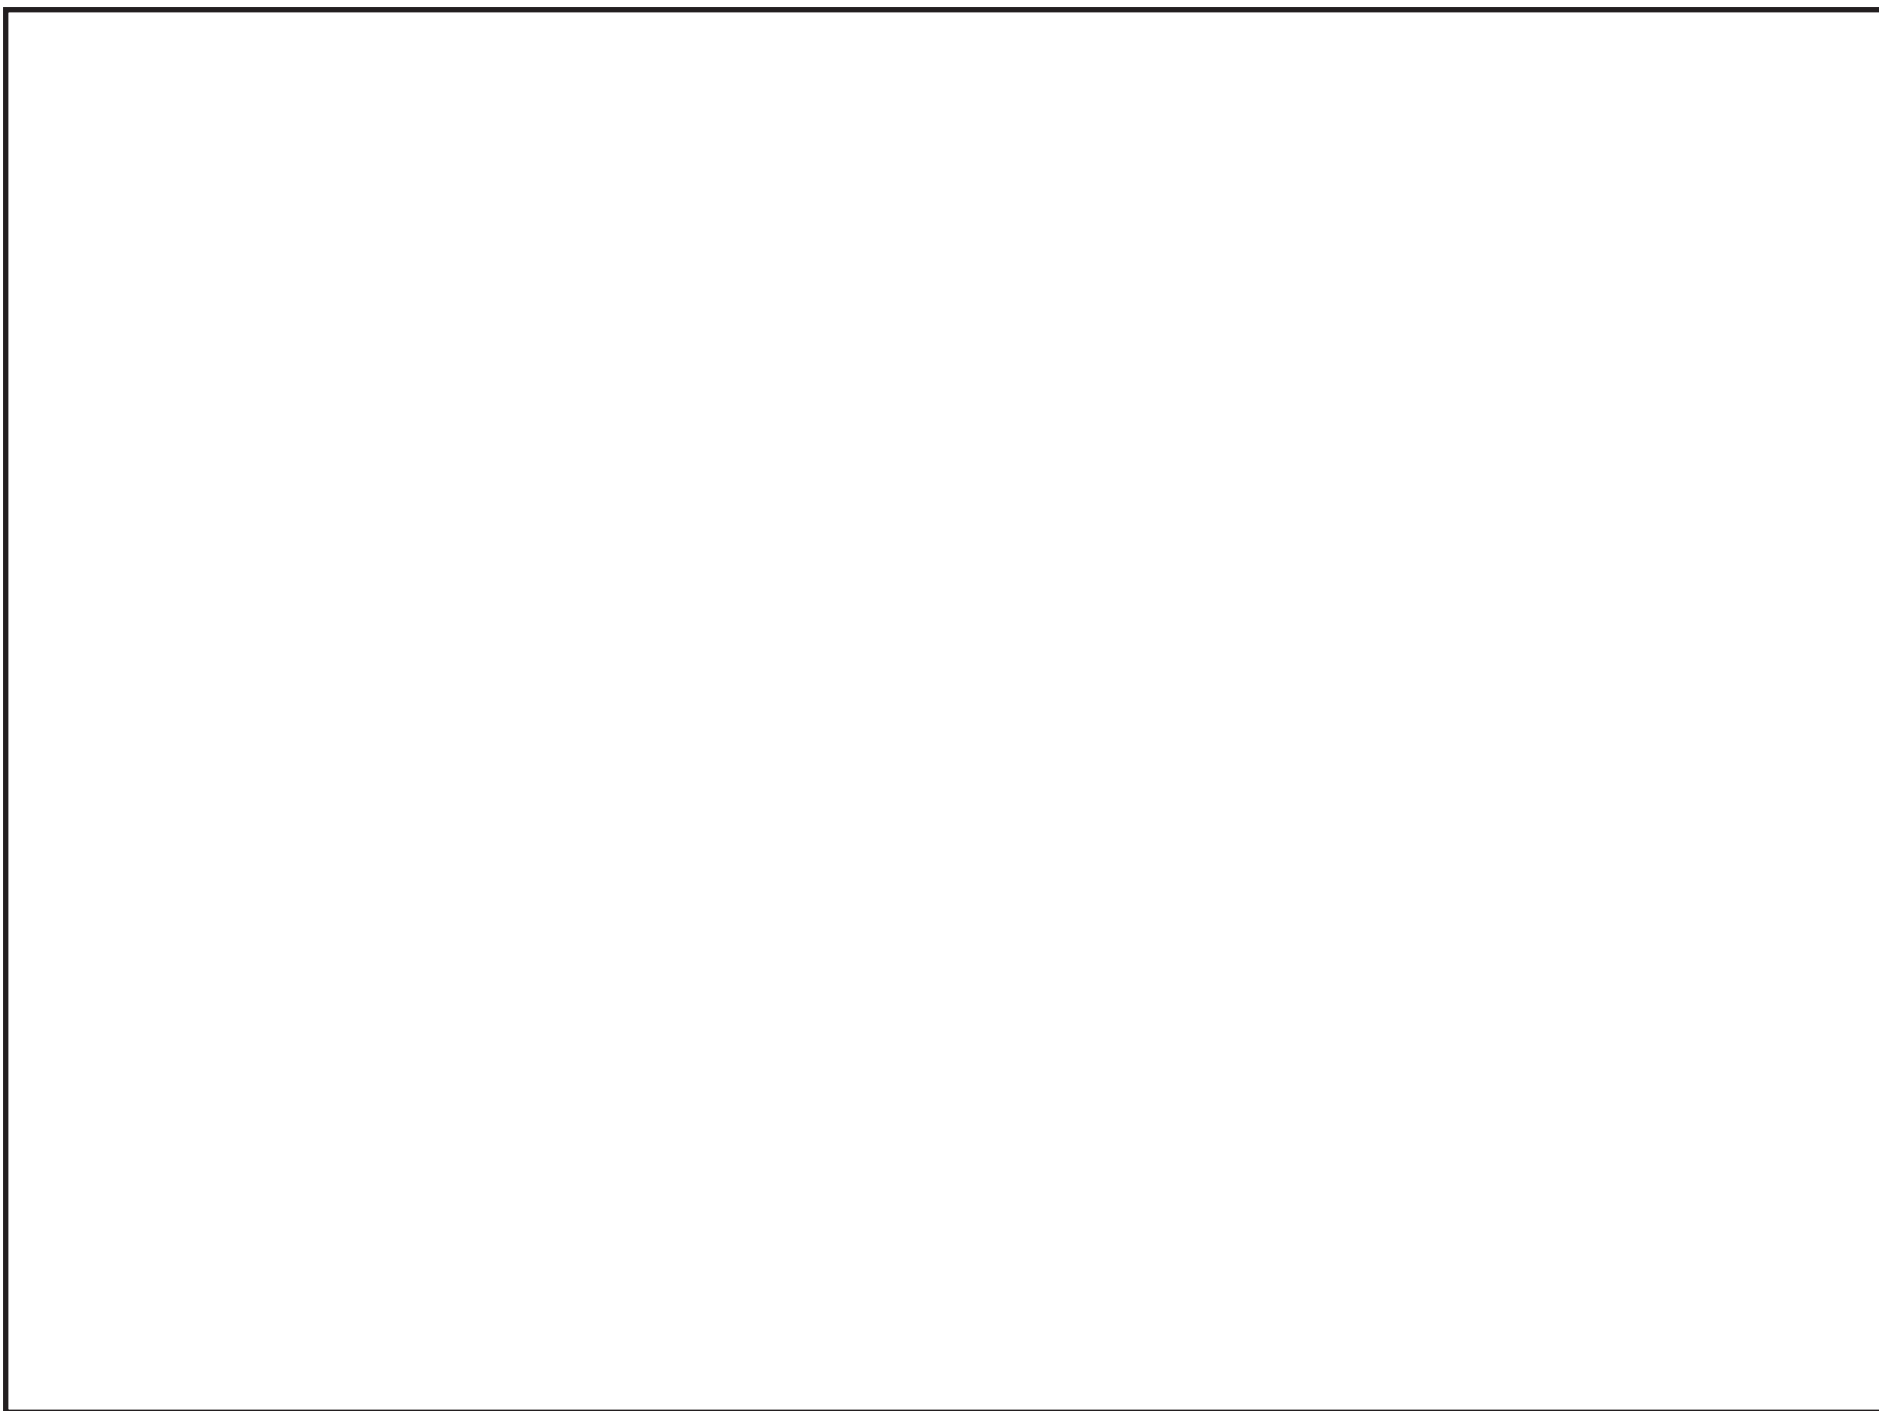

Prof. Dr. Russell Franco D'Souza

Head and Chair, Department of Education

International Chair in Bioethics

UNESCO Chair in Bioethics,

Melbourne, Australia

Co-Directors

Prof. Dr. Mary Mathew

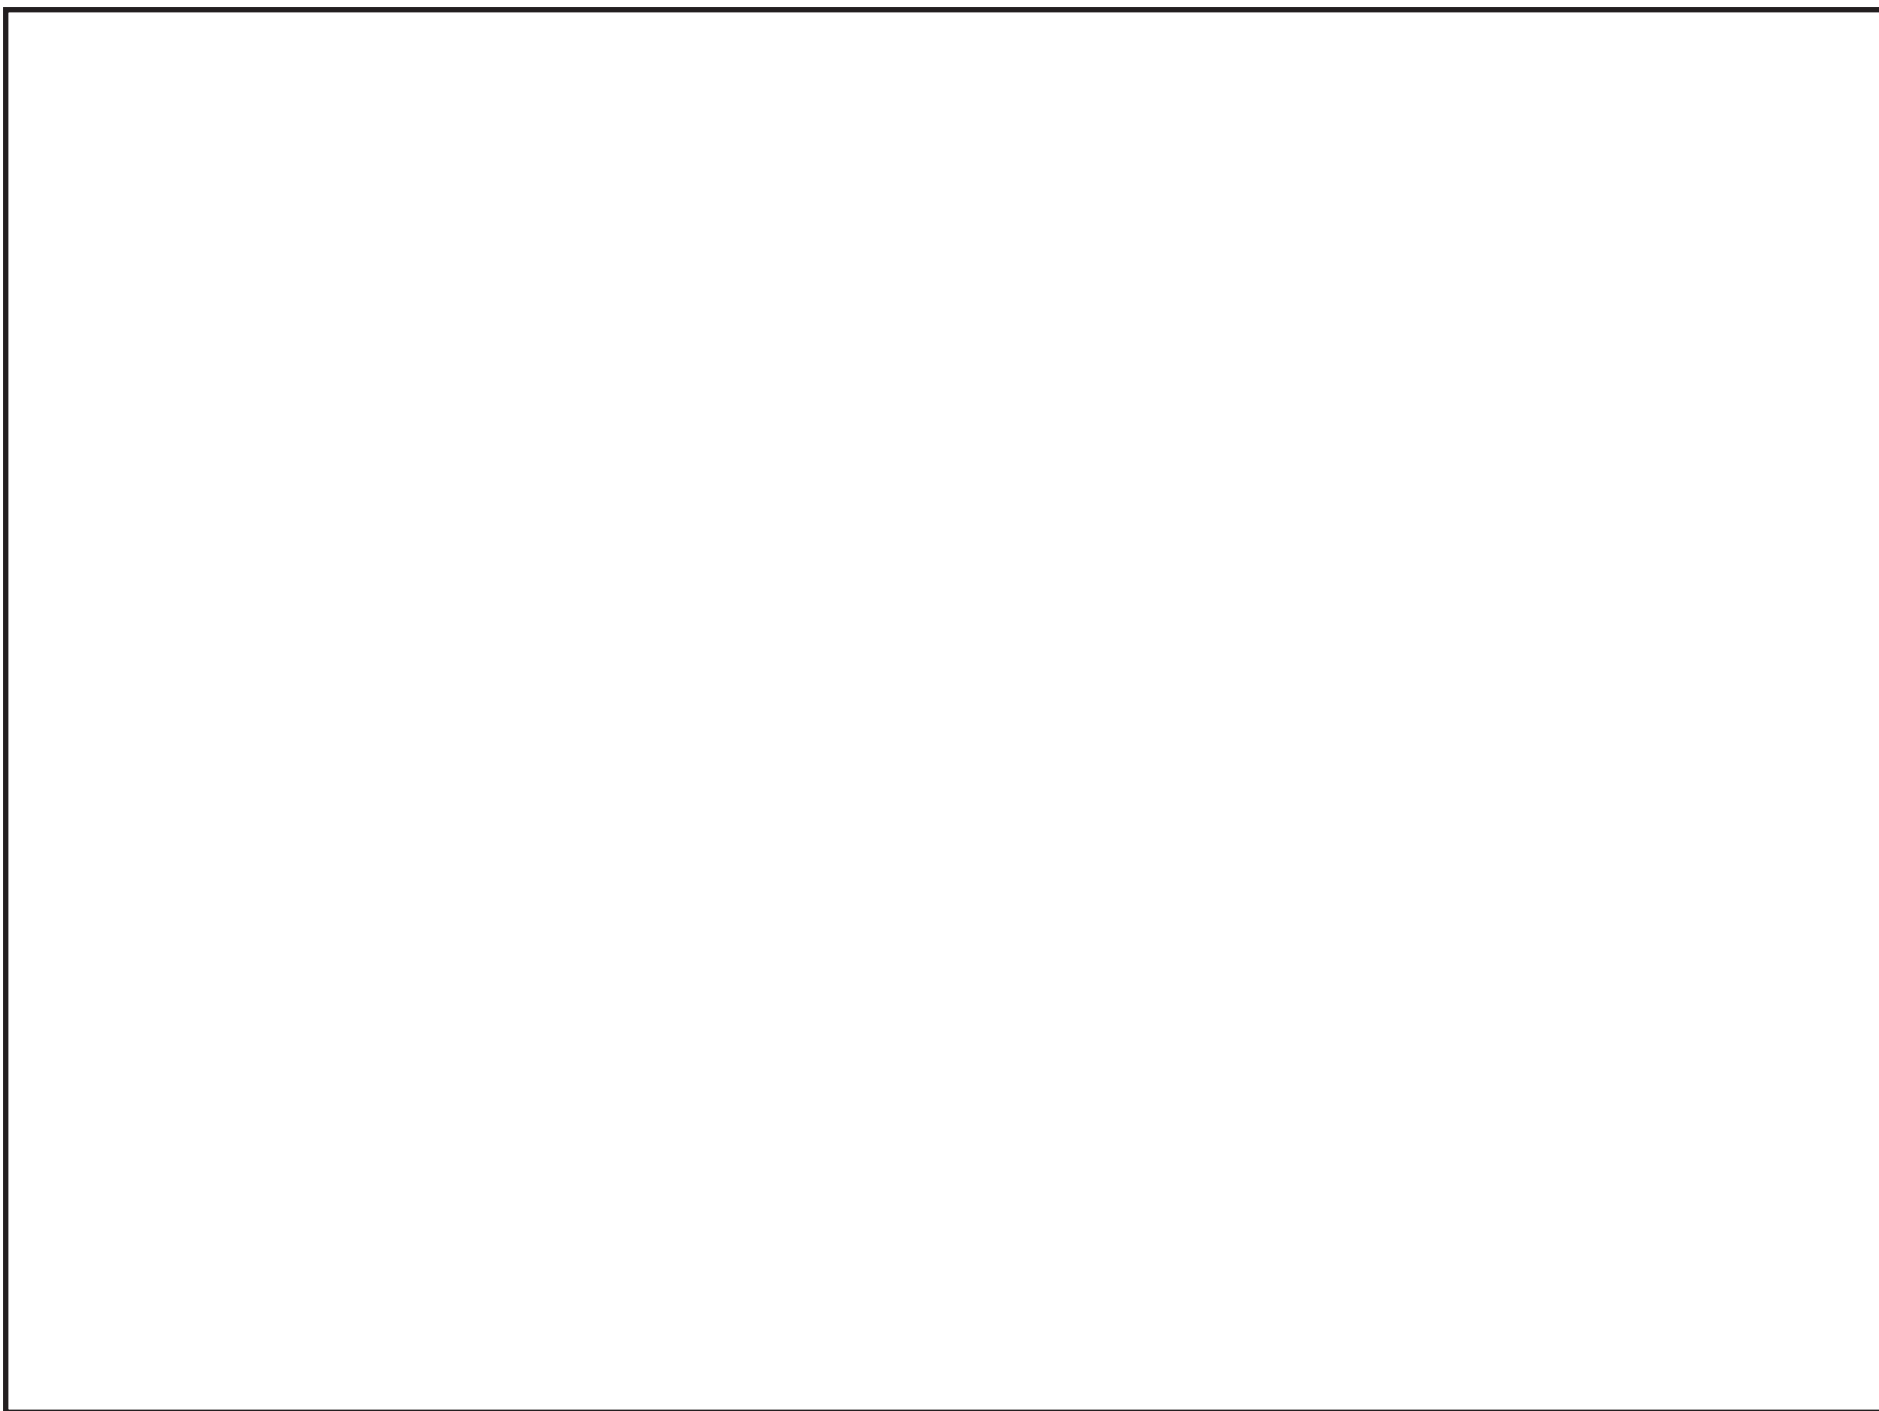

Professor & Head, Department of Pathology
Kasturba Medical College, Manipal,
Manipal Academy of Higher Education (MAHE)
General Secretary, Association of Medical Educators of India

Co-Directors

Prof. Dr. Ved Prakash Mishra

Pro-Chancellor
Datta Meghe Institute of Medical Sciences
Nagpur, Maharashtra, India
President, Association of Medical Educators of India

INTERNATIONAL ADVISORY COMMITTEE

Prof. Dr. Ronald Harden

Professor of Medical Education (Emeritus),
University of Dundee

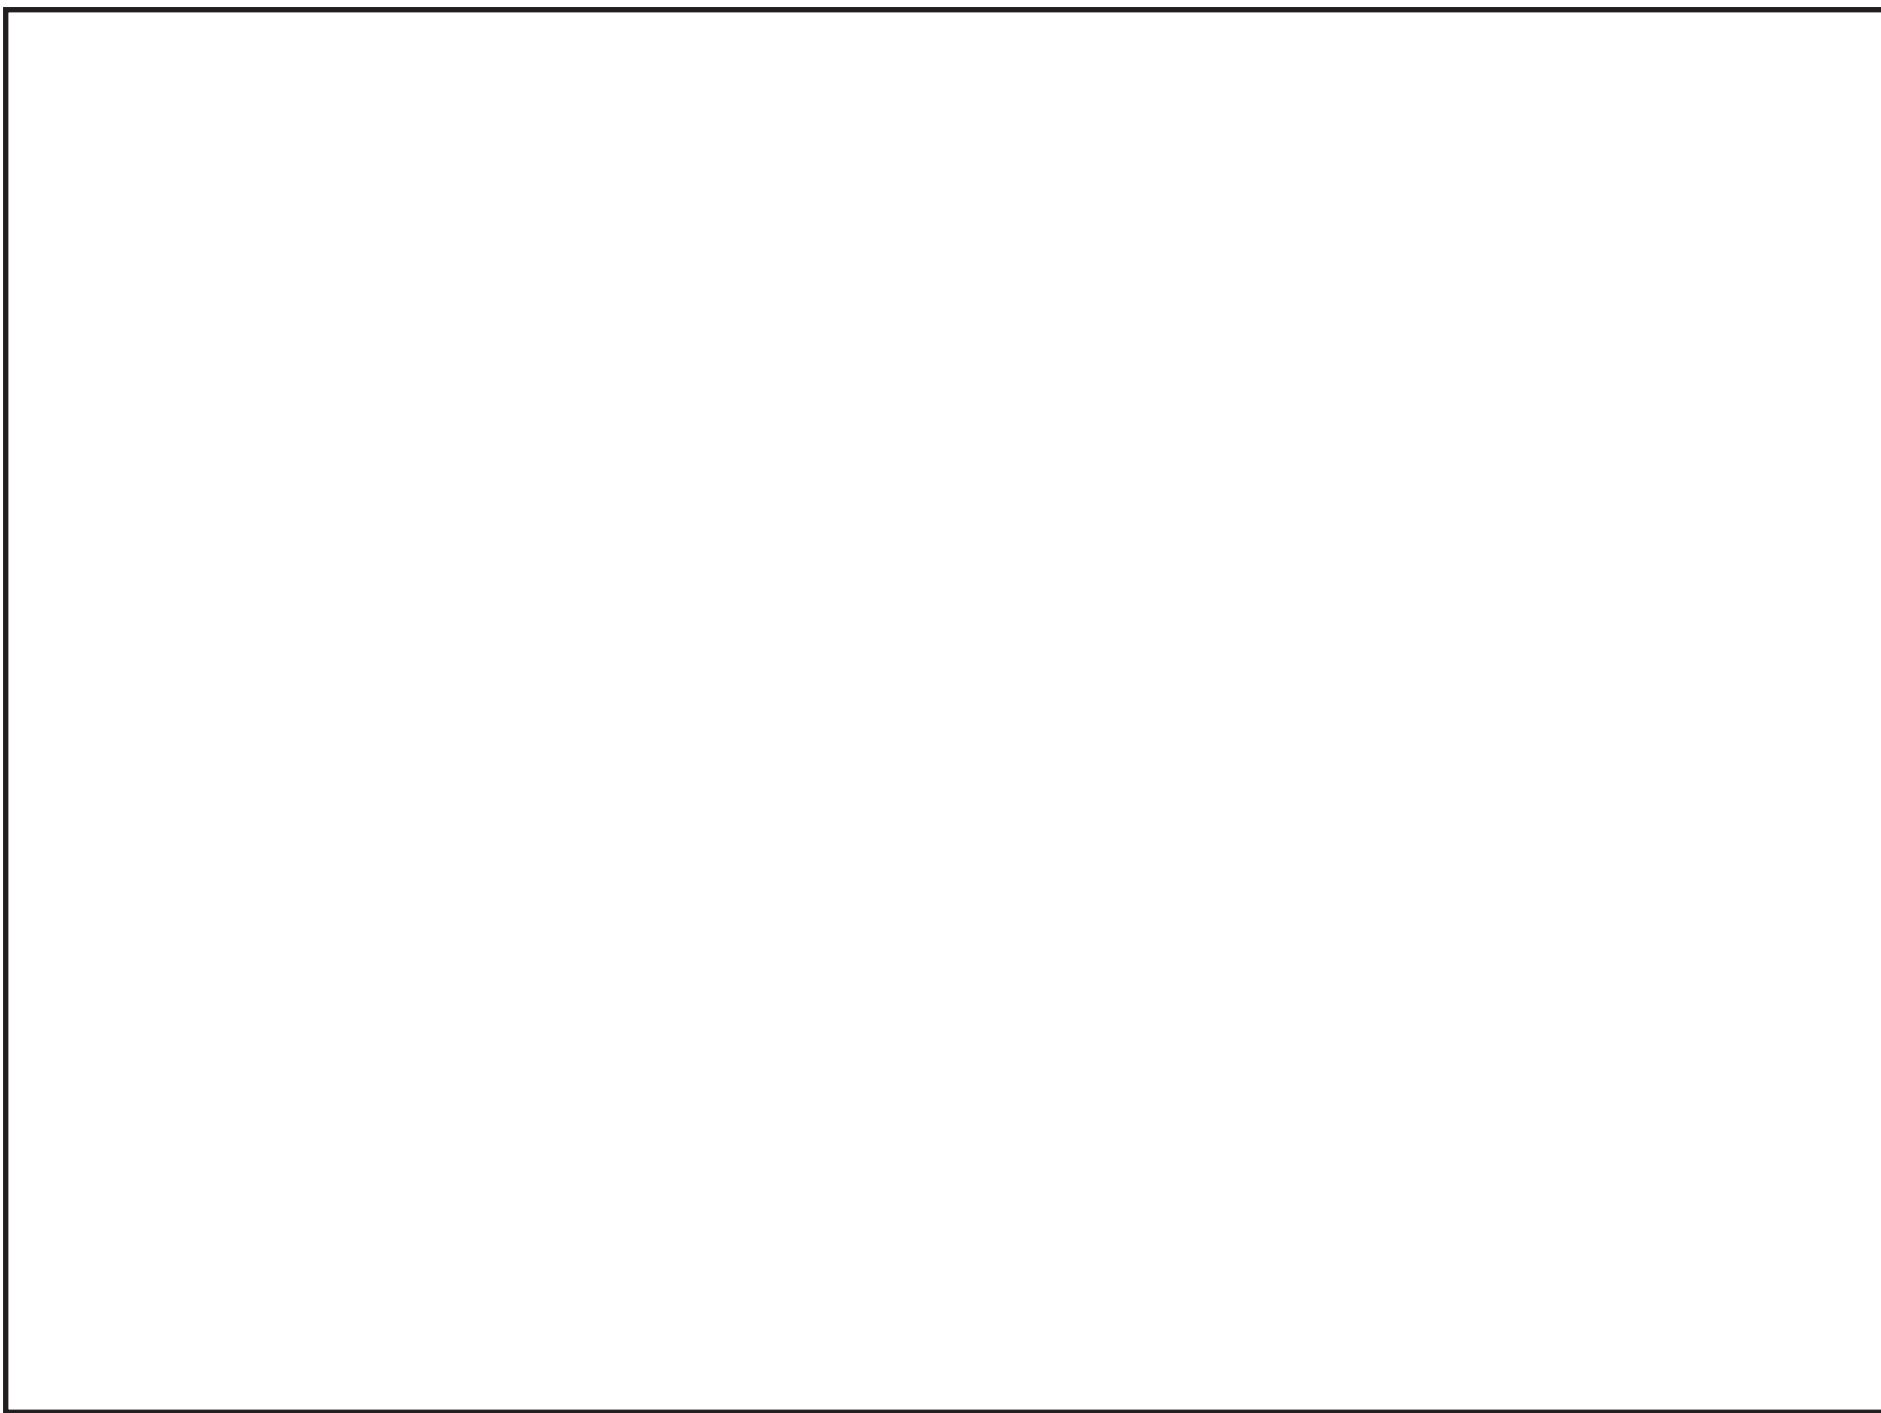

Former General Secretary and Treasurer of AMEE -
The Association for Medical Education in Europe.

Prof. Dr. Ricardo León-Bórquez

President

World Federation of Medical Education (WFME)

Prof. Dr. William Pinsky

USA Emeritus CEO Intel health

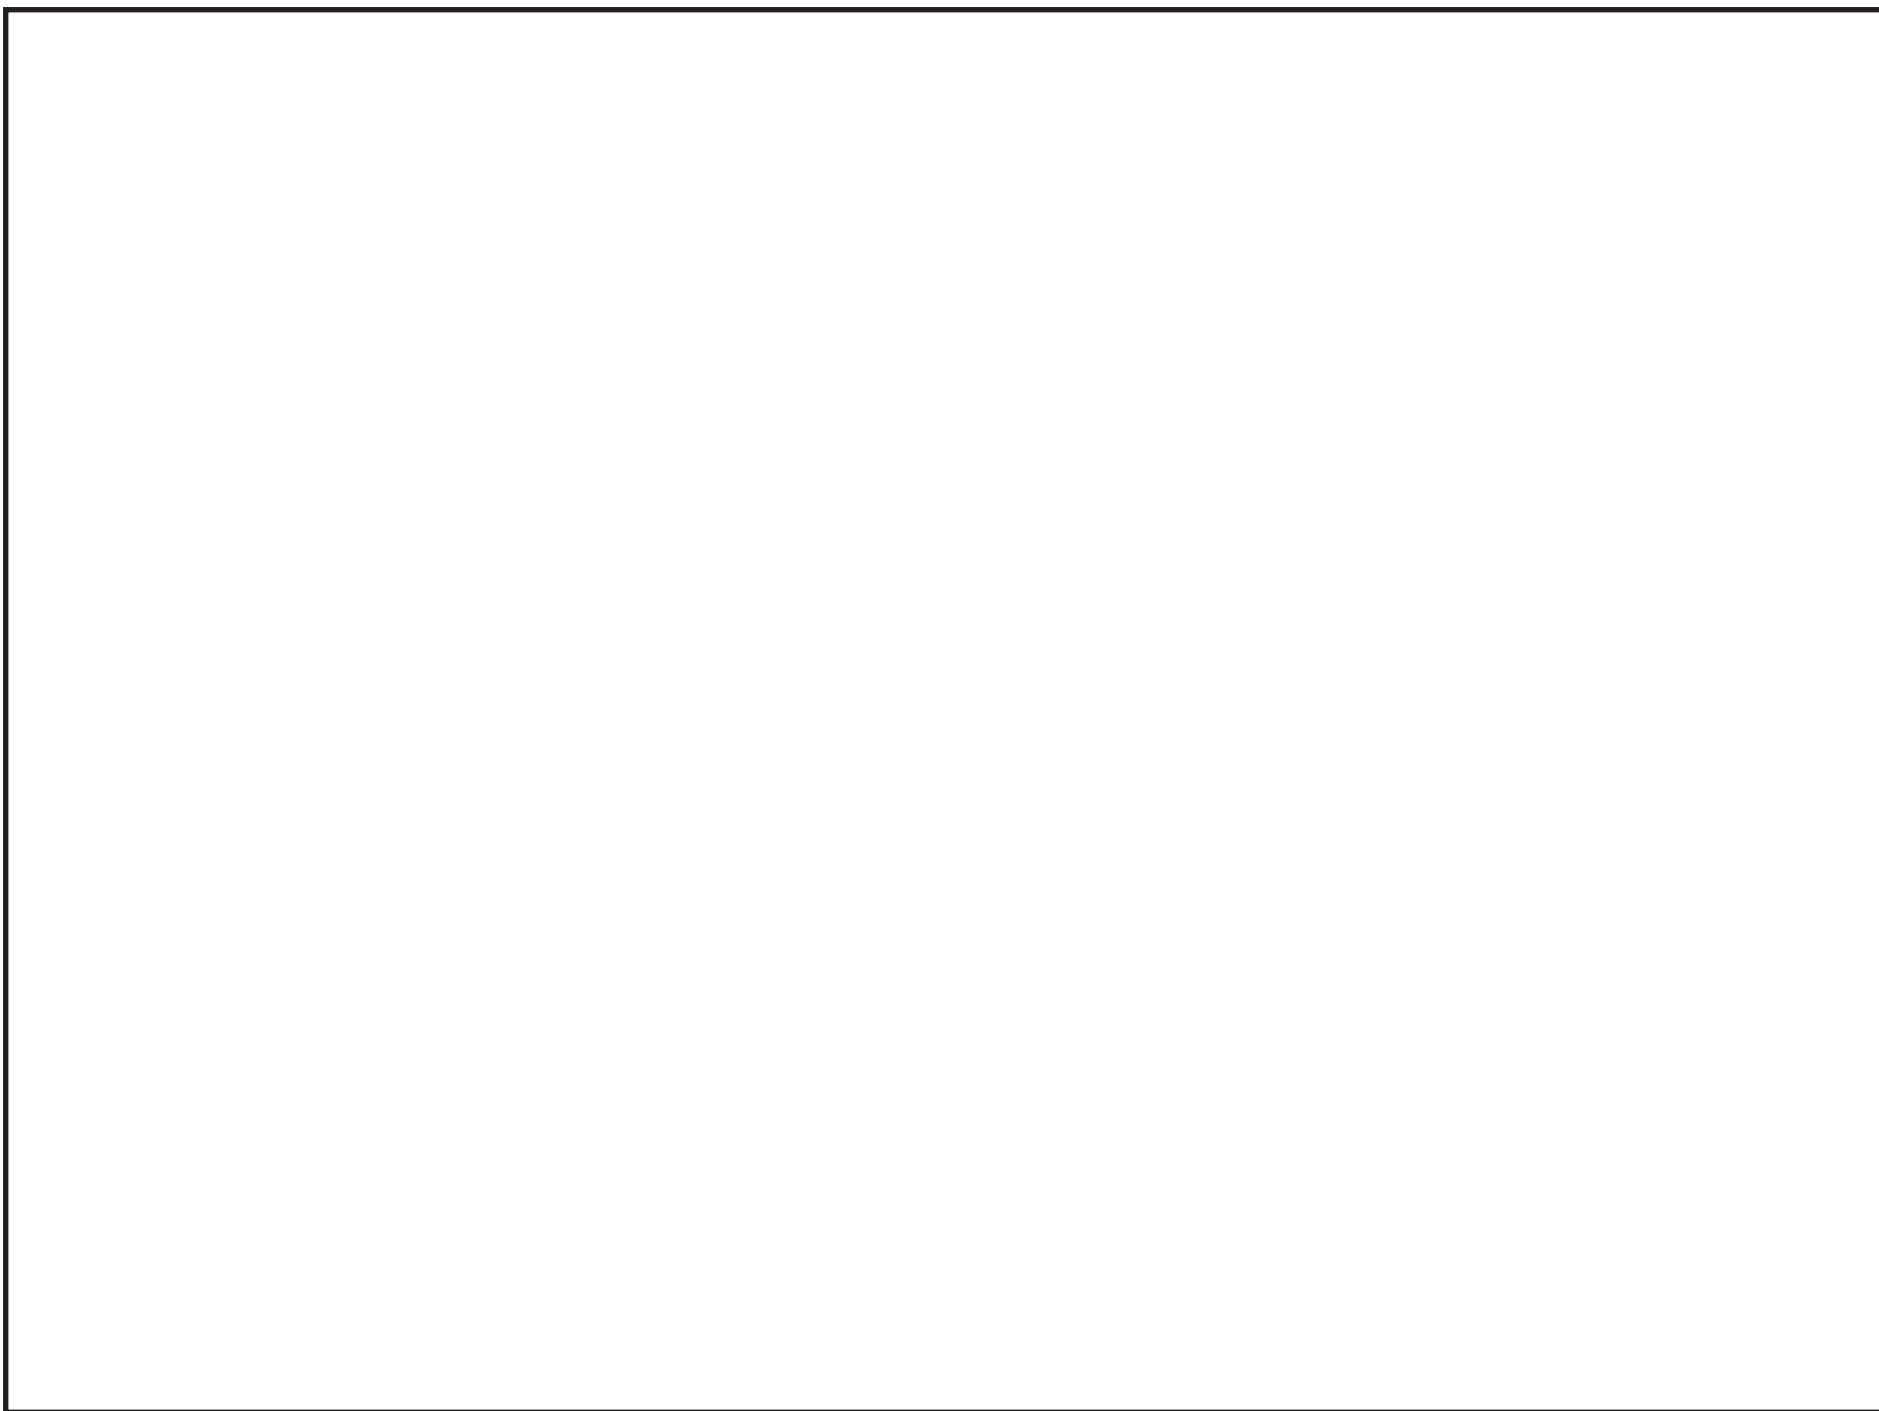

Prof. Dr. Harm Peters

Charité - Universitätsmedizin Berlin, Germany

Dieter Scheffner for Medical Education and

Educational Research AMSE President

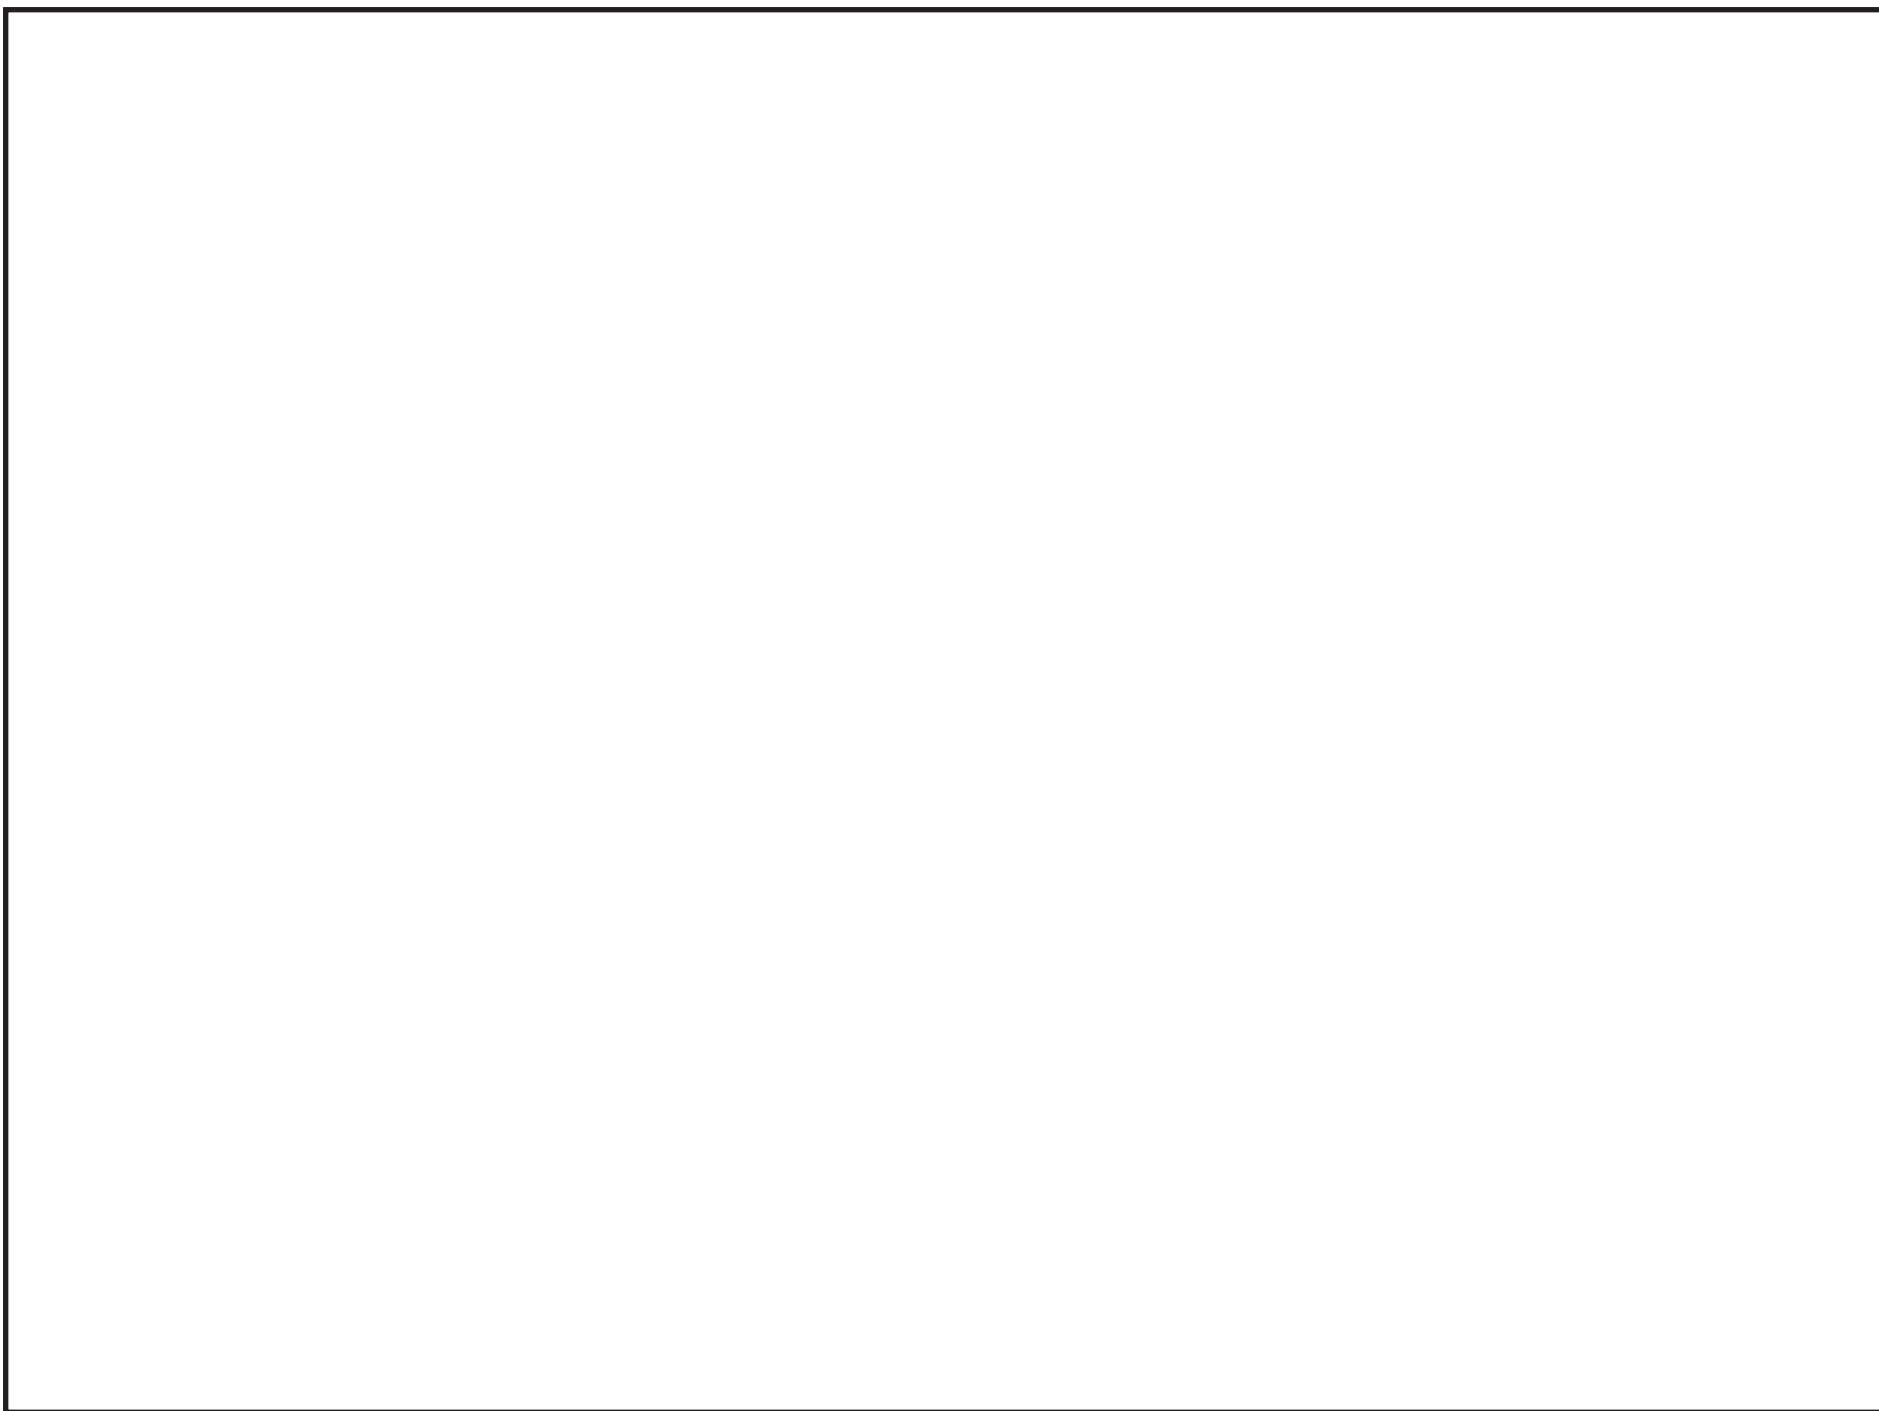

Association of Medical Schools in Europe

Prof. Dr. Madalena Patrico

**Portugal Former President AMEE
International Educational Advisor
The University of Lisbon, Portugal**

Curriculum Advisor

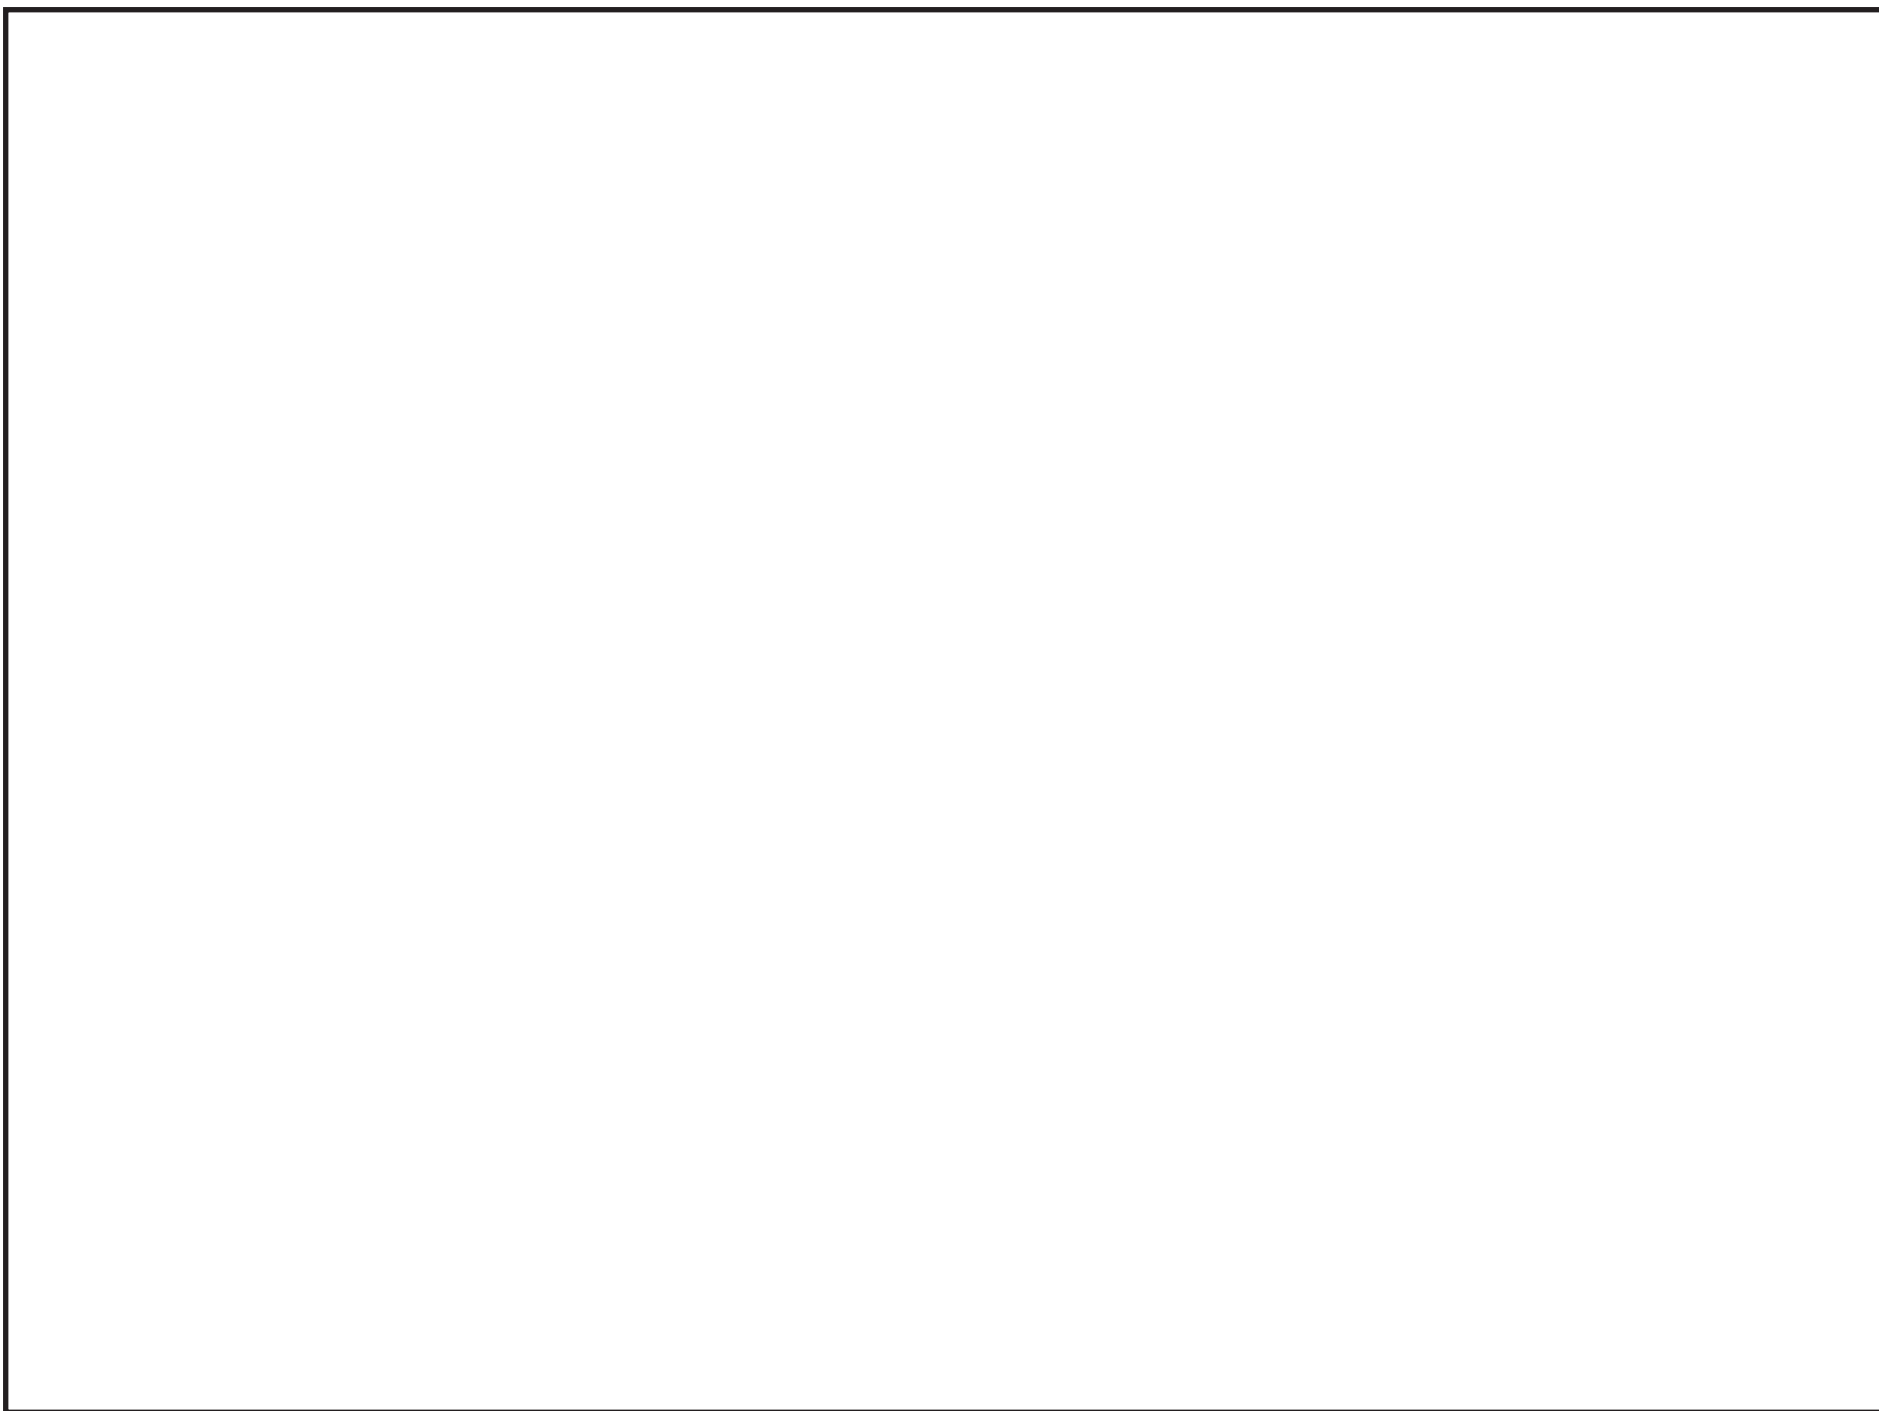

Prof. Dr. Harm Peters

Charité - Universitätsmedizin Berlin, Germany

Dieter Scheffner for Medical Education and

Educational Research AMSE President

Association of Medical Schools in Europe

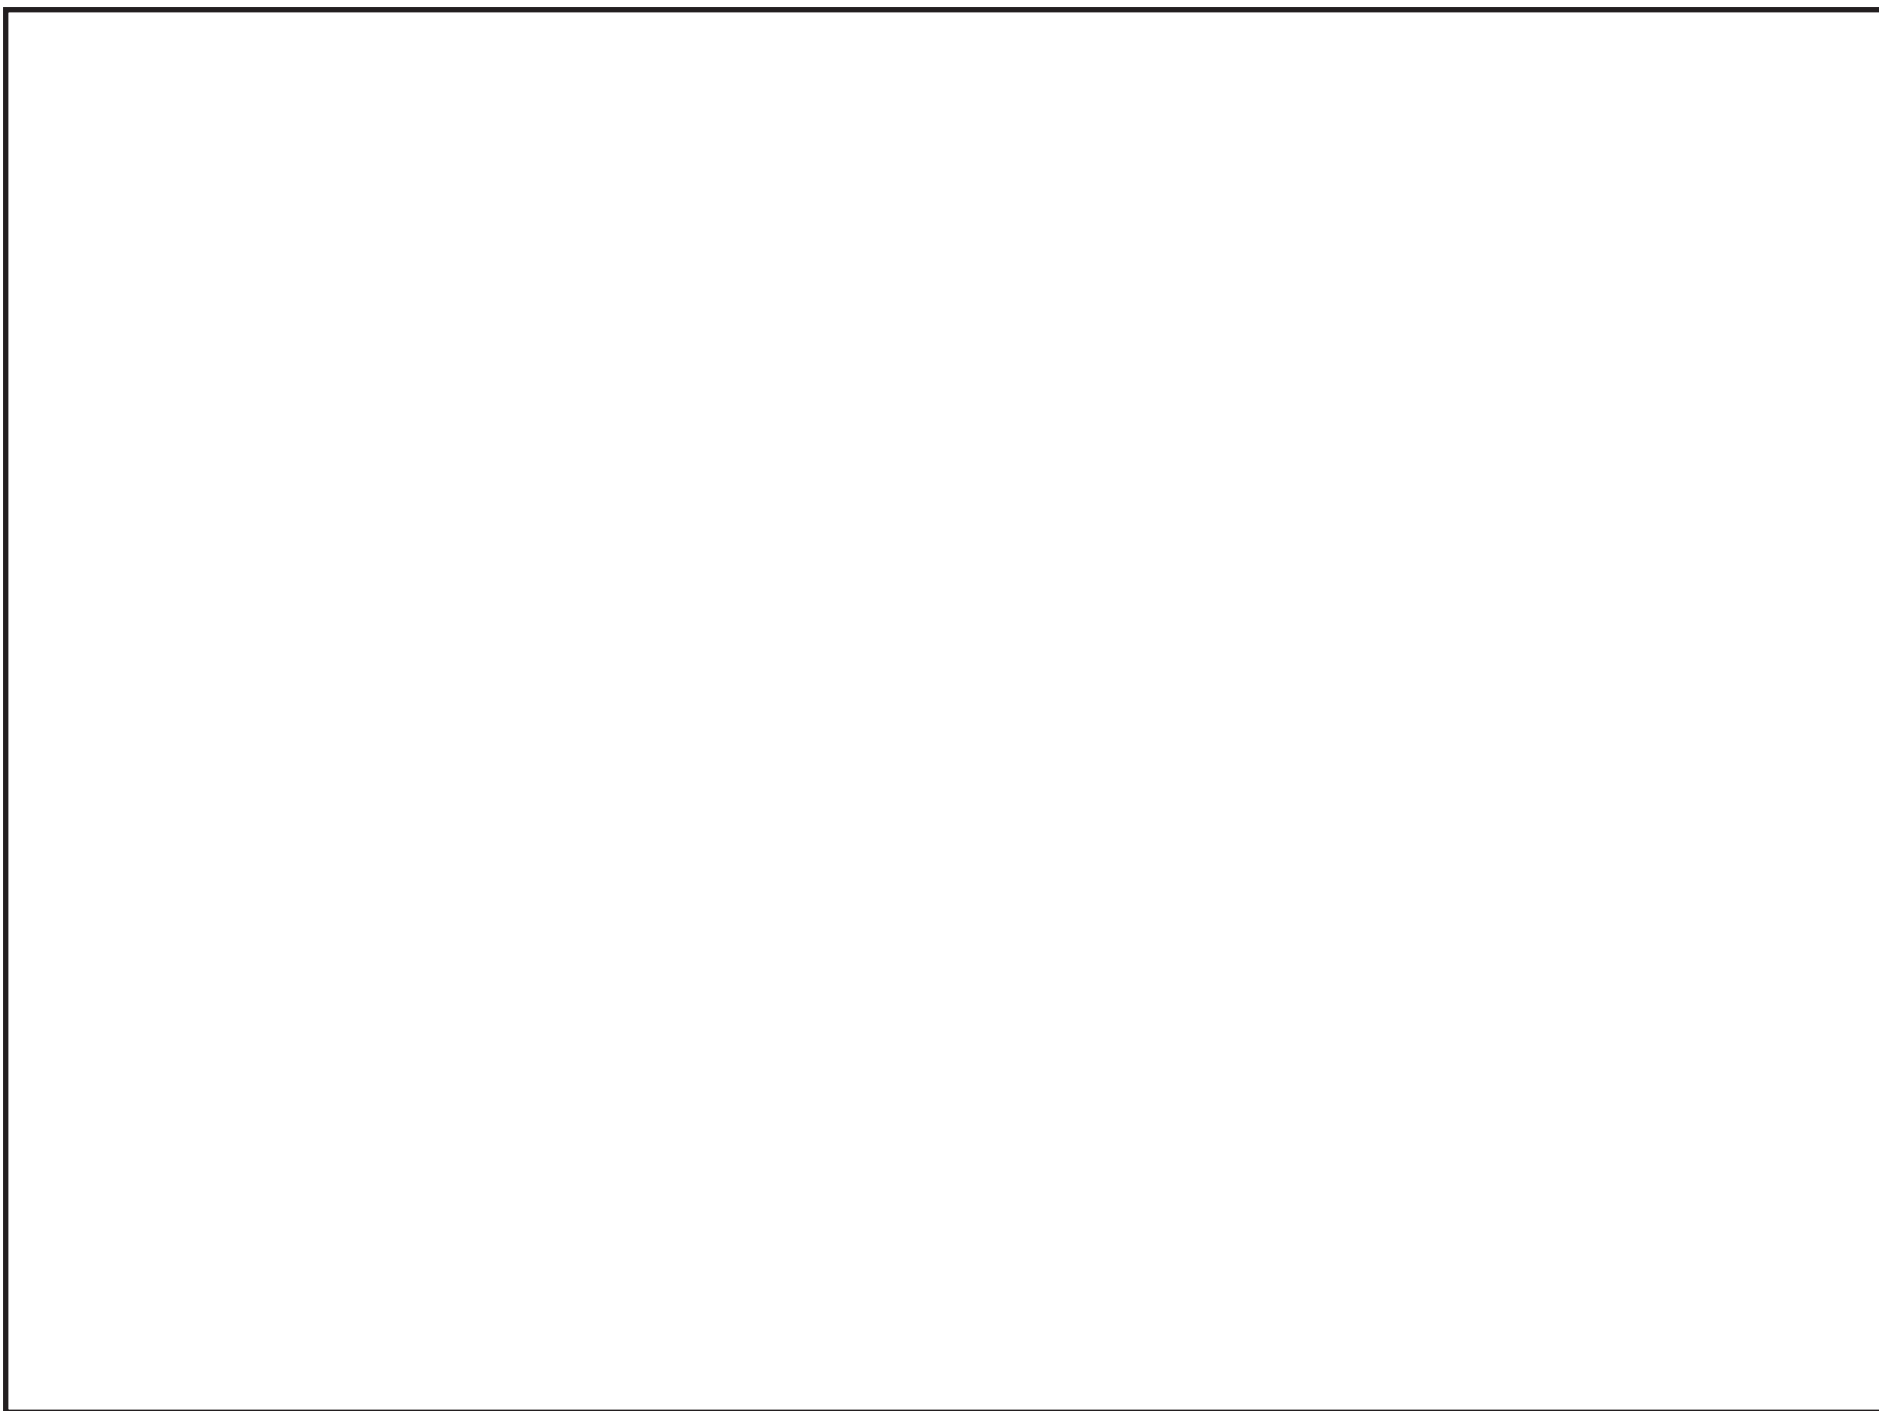

Head

Beyond Campus Curriculum

Prof. Dr. Krishna Mohan Surapaneni

Vice Principal & Professor Department of Biochemistry Head,
Department of Medical Education, Head, Bioethics Unit
Panimalar Medical College Hospital & Research Institute,
India AMEE - Head of International Training Center

Faculty Lead

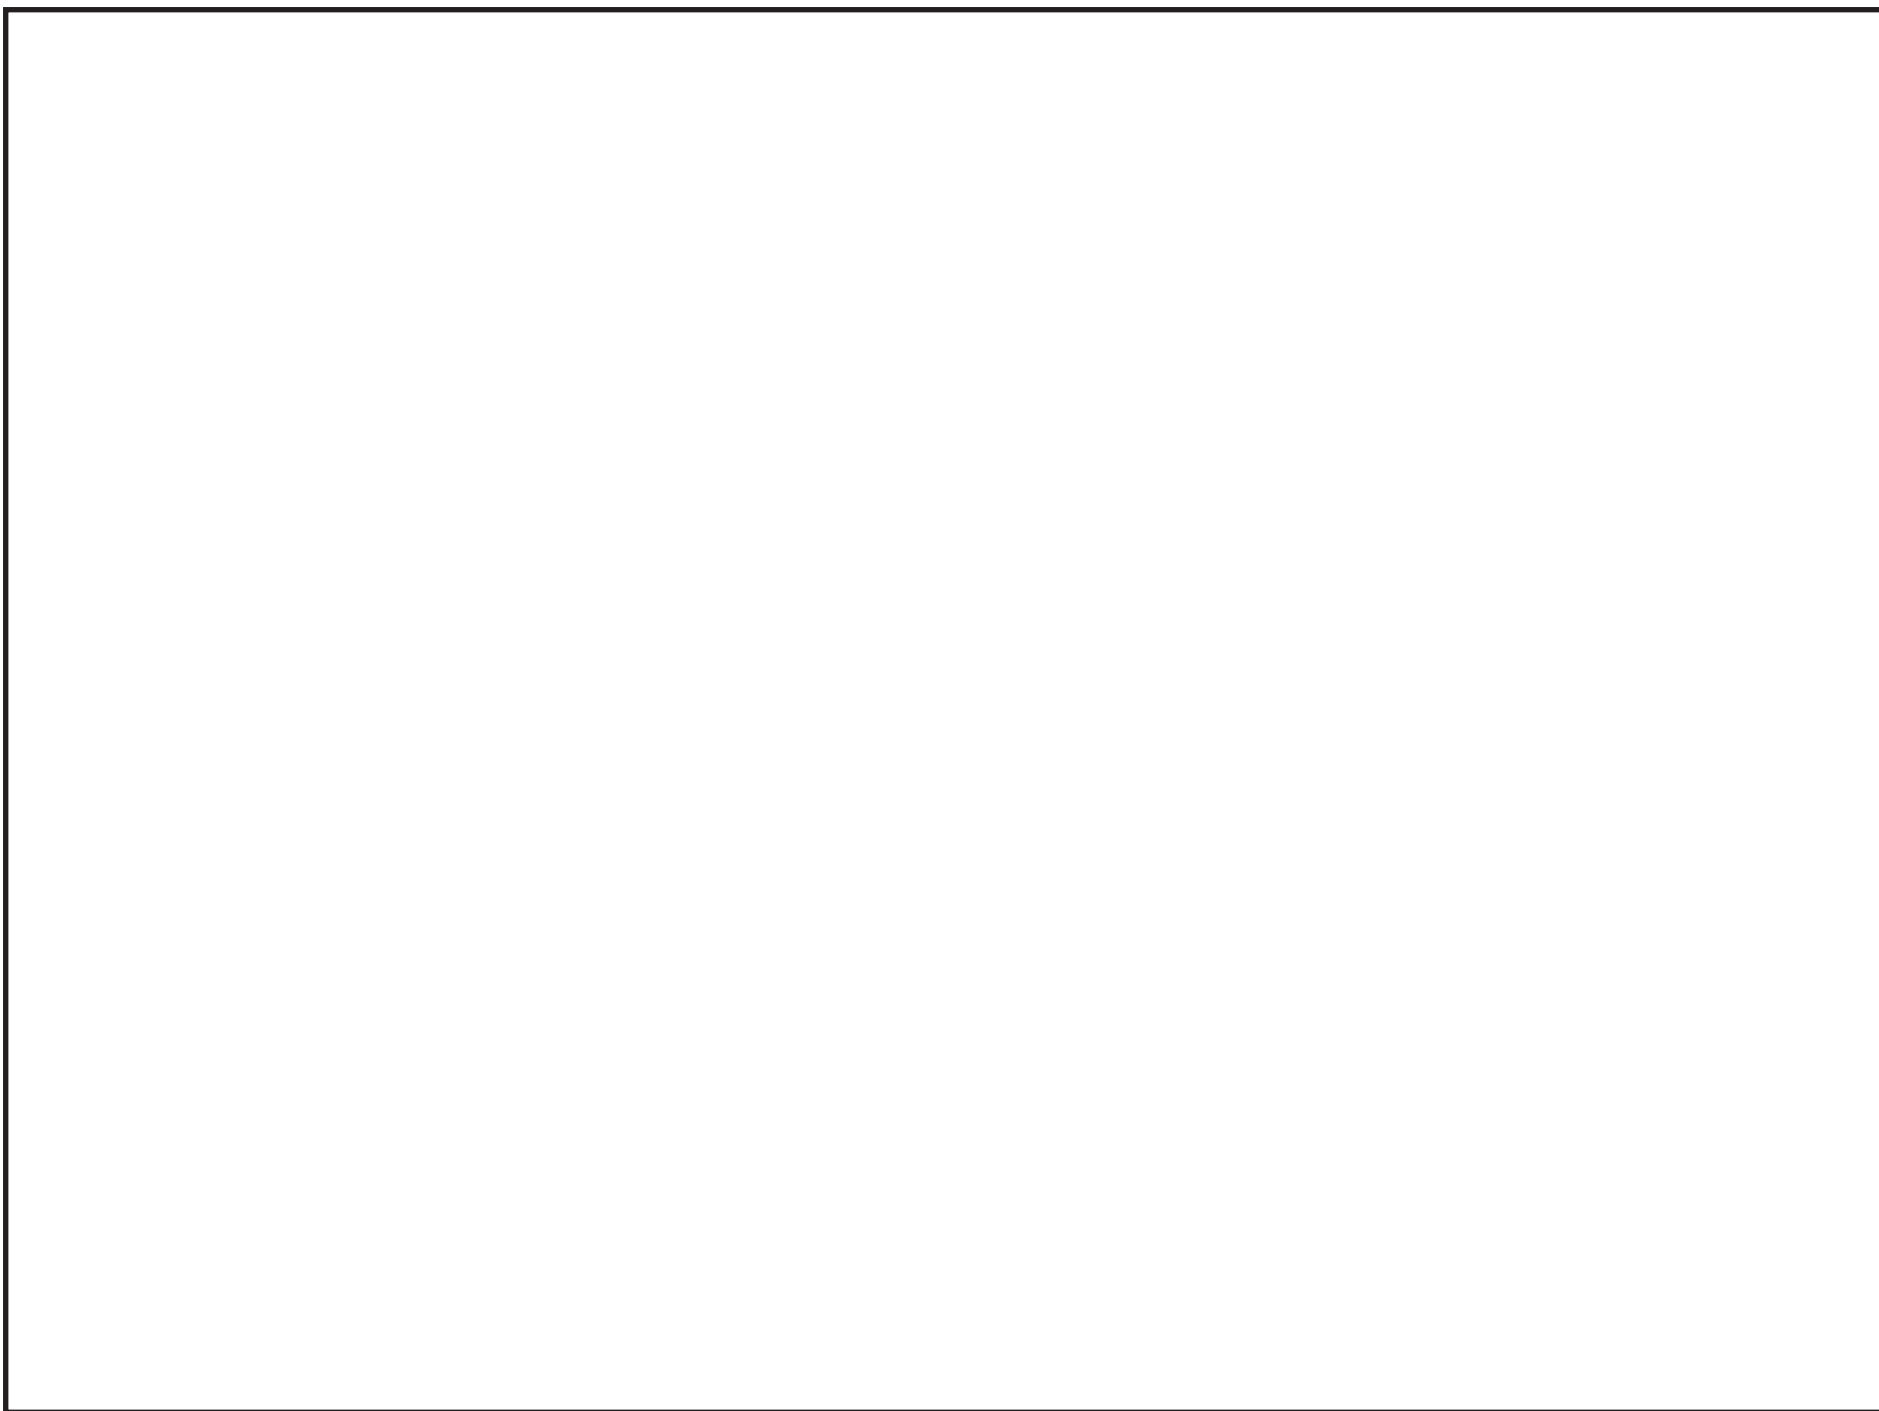

Prof. Dr. Princy Palatty

Professor & HOD Pharmacology Department

ASM, Amrita Institute of Medical Sciences, Kochi, Kerala,

India Head, South India Unit and SAARC Nodal Centre

International Chair Bioethics

International Faculty Members

1. Dr. Joseph Thornton, USA
2. Dr. J S Bamrah, UK
3. Dr. Bruce Gelb, USA
4. Dr. Susan Miller, USA
5. Dr. Rajiv Tandon, USA
6. Dr. Stacy Gallin, USA
7. Dr. Joyce Neumann, USA
8. Dr. Miriam Carole Wagoro, Kenya
9. Dr. Gerhard Fortwengel, Germany
10. Dr. Rui Nunes, Portugal
11. Dr. Jasna Karacic, Croatia
12. Dr. Daniella Keidar, Israel
13. Dr. Piyal Sen, UK
14. Dr. Vivienne Harpwood, UK
15. Rev Dr. Bryan Vernon, UK

16. Dr. Judie Arulappan, Muscat
17. Dr. Selva Titus, Dubai
18. Dr. Roland Panaligan, Philippines
19. Dr. Tara Shallal, Iraq
20. Dr. Grace Ferreria, Canada
21. Dr. Shabbir Amanullah, Canada
22. Dr. Antonio Abilio, Brazil
23. Rev Dr. Augustine Pamplany, India
24. Baroness Prof Dr. Ilora Finlay, UK
25. Dr. Soumya Chakraborty, India
26. Dr. Himanshu Pandya, India
27. Dr. Srikumar Vasudevan, India
28. Dr. Deepak Singla, India
29. Dr. Jayalal, India
30. Dr. Geethalakshmi, India

31. Dr. Gireesh, India
32. Dr. Animesh Jain, India
33. Dr. Sreenivas, India
34. Dr. Vivek Mady, India
35. Dr. Vani Kesari, India
36. Dr. Princy Palatty, India
37. Dr. Surapaneni Krishnamohan, India
38. Dr. Anu Sharma, India
39. Dr. Arunima Chaudhuri, India
40. Dr. Ani Grace Kalamathi, India
41. Dr. Kathleen Digangi Condon, USA
42. Dr. Sheeba Kunjukrishnan, Dubai
43. Dr. Sreedevi, UK
44. Dr. Ilana Belmaker, Israel
45. Dr. Kristen Bonofiglio, Canada

Integrated Longitudinal Curriculum for Healthcare Providers (Medical, Dentistry, Nursing & Allied Health Sciences)

Year	Semesters	Total Sessions	Credits - Semester 1/3/5/7	Minimum Credits Required 1/3/5/7	Credits - Semester 2/4/6/8	Minimum Credits Required 1/3/5/7	Total Credits (Year)	Minimums Total Credits Required for End of Year Assessment & Graduation (Year)
Year1	1and 2	40 (20 + 20)	45	34	45	34	90	68
Year2	3and 4	40 (20 + 20)	46	35	46	35	92	70
Year3	5and 6	40 (20 + 20)	47	35	47	35	94	70
Year4	7and 8	40 (20 + 20)	46	35	50	38	96	73
Total	8	160					372	281

YEAR 1

- Total Semesters : 2
- Total Sessions : 40 (Semester 1 (20) + Semester 2 (20))
- Total Credits of Year 1 : 90
- Total Credits in Semester 1 : 45
- Total Credits in Semester 2 : 45

YEAR 1

SEMESTER 1

Competency Code	Topic	Competency	Domain	Level	CreditHours (Lecture + Assessment)	Assessment Methods
BCC 1.1	Human Act vs Act of Human	Distinguish between human acts and acts of humans in ethical decision-making by critically analyzing voluntary and involuntary actions and their moral implications in medical practice.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 1.2	Benefit and Harm	Describe the importance of beneficence and non-maleficence in patient care and their implications.	K	KH	3 (1+1)	Personal Reflection (SCRIBE)
BCC 1.3	Autonomy	Describes the importance of patient autonomy in clinical decision - making and its ethical implications in patient care.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 1.4	Informed Consent	Explain the elements involved in obtaining an informed consent under following conditions: i) High-risk research study, ii) emergency, pediatric cases, and iii) impaired decision-making capacity of patient.	K, S	KH, SH	2 (1+2)	Writing an informed consent form + Personal Reflection (SCRIBE)

BCC 1.5	Respectfor Individuals	Understand the concept of respect for individuals in healthcare, including recognition of personal dignity, cultural values, beliefs, and preferences in clinical interactions.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 1.6	Equality, Justice, and Equity	Understand the ethical principles of equality, justice, and equity in healthcare, and be able to distinguish between them in the context of fair distribution of resources and patient care.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 1.7	Privacy and Confidentiality	Explain the principles of privacy and confidentiality in medical practice and be able to identify situations where these may be challenged or ethically justified to be breached.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 1.8	Non - Discrimination and Non- Stigmatization	Explain the ethical basis of non-discrimination and non-stigmatization, and their role in fostering trust and dignity in the patient – provider relationship.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 1.9	Cultural Diversity and Pluralism	Understand the significance of cultural diversity and pluralism in healthcare, and how cultural beliefs, values, and practices influence health behaviors and patient care.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 1.10	Teamwork & Collaboration 1	Explain the ethical values of solidarity and cooperation in healthcare, and recognize their role in fostering teamwork, mutual support, and collective responsibility	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 1.11	Sharing of Benefits	Describe the ethical principle of sharing benefits in healthcare and research, including the fair distribution of advancements, resources, and outcomes among individuals and communities.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)

BCC 1.12	Protecting Future Generations	Understand the ethical obligation to protect the health and wellbeing of future generations through sustainable healthcare practices, responsible research, and long-term public health planning.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 1.13	Planetary Health & Wellbeing 1	Describe the ethical responsibility of healthcare professionals to protect the environment, the biosphere, and biodiversity, recognizing their inter connection with human health.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 1.14	Mental and Physical Wellbeing 1	Understand the importance of maintaining mental and physical well-being among medical practitioners and recognize its impact on professional performance, patient safety, and ethical practice.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 1.15	Social Dimension of Human Kind	Describe the social dimension of humankind, including how societal structures, relationships, and cultural norms influence health, behavior, and healthcare delivery.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 1.16	Professionalism in Medicine	Understand the core principles of professionalism in medicine, including integrity, accountability, respect, empathy, and commitment to ethical practice.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 1.17	Truthfulness, Honesty, and Integrity in Medical Practice	Describe the ethical importance of truthfulness, honesty, and integrity in medical practice, and their role in building patient trust and professional credibility.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 1.18	Compassion and Empathy in Patient Care	Understand the role of compassion and empathy in patient care and their impact on the therapeutic relationship, communication, and healing process.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)

BCC 1.19	Emotional Intelligence 1	Understand the concept of emotional intelligence and know its components, including self-awareness, self-regulation, motivation, empathy, and social skills.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 1.20	Legal issues in Healthcare - 1	Identify basic legal issues relevant to healthcare, including patient rights, consent, negligence, and professional responsibility in clinical practice.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
		END OF SEMESTER 1 ASSESSMENT			3 + 1	30 Case Based MCQ + 5 new Kudos Points in SCRIBE (excluding weekly reflections)

SEMESTER 2

Competency Code	Topic	Competency	Domain	Level	Credit Hours (Lecture + Assessment)	Assessment Methods
BCC 1.21	Doctor – Patient Relationship 1	Understand the foundational elements of the doctor–patient relationship, including trust, communication, confidentiality, and respect.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 1.22	Courage in Medical Practice	Describe the importance of courage in medical practice, including speaking up for patient safety, addressing ethical dilemmas, and upholding professional values under pressure.	K	KH	3 (1+1)	Personal Reflection (SCRIBE)
BCC 1.23	Concept of Suffering	Explain the concept of suffering in the context of illness, including its physical, emotional, social, and existential dimensions.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 1.24	Patient Duties & Rights	Describe the fundamental rights and duties of patients in healthcare.	K, S	KH, SH	2 (1+2)	Personal Reflection (SCRIBE)

BCC 1.25	Professional Identity Formation 1	Understands the concept of professional identity formation and the factors that contribute to the development of a physician's values, behaviors, and ethical commitments.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 1.26	Introduction to Research Ethics 1	Describe the principles of Good Clinical Practice (GCP) as an ethical and scientific standard for designing, conducting, recording, and reporting clinical trials involving human participants.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 1.27	Social Accountability - 1	Understands the concept of social accountability in medical education and practice, emphasizing the responsibility of healthcare institutions and professionals to address the priority health needs of the community they serve.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 1.28	Violence Against Doctors	Explain the causes, consequences, and ethical implications of violence against doctors and the strategies in ensuring a safe working environment.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 1.29	Importance of Professional Boundaries	Describe the importance of maintaining professional boundaries in healthcare relationships to ensure trust, respect, and ethical conduct.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 1.30	Gratitude And Resilience	Understand the role of gratitude and resilience in sustaining well-being, coping with stress, and maintaining professionalism in medical practice.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 1.31	Ethics of Communication 1	Understand and apply the ethical principles and communication strategies involved in breaking bad news using the EMBRACE module.	K, S	KH, SH	3 (1+2)	Personal Reflection (SCRIBE)+Formative Breaking Badnews OSPE

BCC 1.32	Leadership Development 1	Explain the importance of leadership development in medical training, recognize the different types of leadership and identify your own type of leadership.	K, S	KH, SH	3 (1+2)	Personal Reflection (SCRIBE)
BCC 1.33	Inclusivity in Healthcare (Gender) 1	Know the health needs, challenges, and rights of LGBTQ + individuals and understand the importance of respectful, non-discriminatory, and inclusive care.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 1.34	Concept of One Health 1	Understand the concept of One Health, emphasizing the inter connectedness of human, animal, and environmental health in preventing disease and promoting global health security.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 1.35	Ethics of Artificial Intelligence 1	Describe the scope of artificial intelligence in medicine and why ethical considerations are important in its use.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 1.36	Interprofessional Education 1	Understand the concept of interprofessional education(IPE) and the importance of learning with, from, and about other health professions to improve collaboration and patient care.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 1.37	Strategies for Professional Development 1	Understand the value of participating in educational research, presentations, and scholarly activities as part of professional development.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 1.38	Mentorship 1	Describe the concept of mentorship and its role in supporting personal, academic, and professional growth in medical education.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)

BCC 1.39	Scholarship in Medical Education 1	Understands the term scholarship in medical education and knows basic ways to get involved as a foundation for academic and professional growth.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 1.40	Entrustable Professional Activities 1	Explain the concept of Entrustable Professional Activities (EPA) and recognize the importance of learning about EPAs early in medical training through the Let's PREPARE Module.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
		END OF SEMESTER 1 ASSESSESSMENT			3 + 1	30 Case Based MCQ + 5 new Kudos Points in SCRIBE (excluding weekly reflections)
		END OF YEAR 1 ASSESSMENT				

YEAR 2

- Total Semesters : 2
- Total Sessions : 40 (Semester 3 (20) + Semester 4 (20))
- Total Credits of Year 2 : 92
- Total Credits in Semester 3 : 46
- Total Credits in Semester 4 : 46

YEAR 2

SEMESTER 3

Competency Code	Topic	Competency	Domain	Level	CreditHours (Lecture + Assessment)	Assessment Methods
BCC 2.1	Coping with failure	Understand the importance of coping with failure in medical training and know the basic strategies to reflect, learn, and grow from setbacks.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 2.2	Teamwork & Collaboration 2	Demonstrate respectful communication, active listening, and shared responsibility while working collaboratively with peers and healthcare professionals in a team setting.	S	SH	2 (1+1)	Personal Reflection (SCRIBE) after Team Activity
BCC 2.3	Managing Conflicts	Describe the importance of managing conflict in healthcare teams and know basic ways to resolve disagreements respectfully and maintain collaboration.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 2.4	Ethics in the pharmaceutical context	Explain the ethical issues related to the pharmaceutical industry and know the importance of transparency, responsible promotion, and avoiding undue influence in drug marketing and interactions.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)

BCC 2.5	Ethics of Laboratory Medicine	Describe ethical principles in laboratory medicine and know the importance of accuracy, patient confidentiality, timely reporting, and responsible Handling of samples and data.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 2.6	Vulnerability	Explain the concept of vulnerability in healthcare and know the importance of providing extra care, protection, and ethical consideration for individuals and groups at higher risk of harm or exploitation.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 2.7	Narrative Medicine	Understand the principles of narrative medicine and know how patient stories contribute to empathy, clinical insight, and holistic care.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 2.8	Public Health Ethics	Explain the ethical principles that guide public health decisions, including justice, equity, autonomy, and the balance between individual rights and community health.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 2.9	Infodemics and Ethics	Recognize the ethical challenges posed by infodemics and describe the responsibilities of healthcare professionals in ensuring accurate communication, countering misinformation, and protecting public trust.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 2.10	Preventing Academic Fraud	Identify common forms of academic fraud in medical education and explain the importance of honesty, accountability, and ethical conduct in academic and research settings.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 2.11	Grooming and Presentation	Recognize the importance of professional grooming and presentation in clinical and academic settings, and describe how appearance and demeanor impact trust, communication, and professional identity.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)

BCC 2.12	Genocides and its Ethics	Explain the ethical implications of genocides in historical and contemporary contexts, and recognize the role of healthcare professionals during humanitarian crises.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 2.13	Ethical Issues in Palliative Care	Identify key ethical issues in palliative care, including end-of-life decision-making, autonomy, communication, pain relief, and the balance between prolonging life and ensuring quality of life	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 2.14	Psychology of Prejudice	Describe the psychological basis of prejudice and recognize how implicit biases can influence attitudes, behaviors, and decision-making in healthcare.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 2.15	Planetary Health & Wellbeing 2	Demonstrate awareness of the impact of environmental changes on human health and show commitment to sustainable practices that promote the wellbeing of individuals, communities, and the planet.	K, S	KH, SH	3 (1+2)	Personal Reflection (SCRIBE) + report of a sustainable practice
BCC 2.16	Mental and Physical Well - Being 2	Demonstrate self-awareness and adopt healthy habits to maintain mental and physical well-being during medical training and professional practice.	K, S	KH, SH	3 (1+2)	Personal Reflection (SCRIBE) + Individual development Plan Submission
BCC 2.17	Legal issues in Healthcare - 2	Explain key legal responsibilities of medical professionals, including valid consent, documentation standards, medical negligence, and the role of statutory bodies in regulating healthcare practice.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 2.18	Digital Professionalism	Describe the responsible behavior in digital spaces by maintaining patient confidentiality, professional boundaries, and respectful communication on social Media and electronic platforms.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)

BCC 2.19	Emotional Intelligence 2	Explain how emotional intelligence influences professional behavior, communication, and teamwork in medical practice, and recognize its role in handling stress, feedback, and interpersonal dynamics.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 2.20	Advocacy in Healthcare	Recognize the role of healthcare professionals in advocating for patients, public health, and health equity, and show willingness to speak up for vulnerable individuals and communities.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
		END OF SEMESTER 3 ASSESSEMENT			3 + 1	30 Case Based MCQ + 5 new Kudos Points in SCRIBE (excluding weekly reflections)

SEMESTER 4

Competency Code	Topic	Competency	Domain	Level	CreditHours (Lecture + Assessment)	Assessment Methods
BCC 2.21	Doctor – Patient Relationship 2	Analyze the dynamics of the doctor–patient relationship and explain how communication styles, power balance, cultural context, and ethical considerations influence trust, compliance, and shared decision-making.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 2.22	Digital Health Literacy	Describe the concept of digital health literacy and know how to access, evaluate, and interpret digital health information and tools for safe and effective use in Patient care and self-directed learning.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 2.23	Bias in Clinical Decision-Making	Explain the types of cognitive and social biases that can influence clinical decision-making and know how these biases may affect diagnostic accuracy, treatment choices, and patient outcomes.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)

BCC 2.24	Cultural Humility in Healthcare	Explain the concept of cultural humility and know its importance in providing respectful, patient-centered care by acknowledging one's own biases and being open to learning from diverse cultural perspectives.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 2.25	Professional Identity Formation 2	Demonstrate commitment to developing a professional identity by valuing integrity, empathy, accountability, and continuous self-reflection as essential qualities of a medical professional.	A	SH	2 (1+1)	Personal Reflection of Events demonstrating values (SCRIBE)
BCC 2.26	Accountability in Medical Practice	Describe the concept of accountability in medical practice and know its significance in ensuring patient safety, professional integrity, and trust within the healthcare system.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 2.27	Medical Errors & Reporting	Describe the types and causes of medical errors and know the importance of timely, transparent reporting to promote patient safety, learning, and system improvement.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 2.28	Introduction to Research Ethics 2	Identify common ethical violations in research such as plagiarism, data fabrication, inadequate consent, and unjust participant selection, and explain their Implications for research integrity and public trust.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 2.29	Social Accountability - 2	Analyze how medical education and healthcare systems can align with community needs, and explain the role of future doctors in addressing health inequities through socially accountable practice.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)

BCC 2.30	Grief and Loss in Clinical Practice	Understand the emotional impact of grief and loss in clinical practice and know healthy coping strategies to manage personal responses while supporting patients, families, and colleagues.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 2.31	Ethics of Communication 2	Demonstrate the ability to disclose medical errors to patients with honesty and empathy, take responsibility, and communicate appropriate corrective actions.	S	SH	3 (1+2)	Personal Reflection (SCRIBE)+OSPE Activity
BCC 2.32	Leadership Development 2	Demonstrate awareness of different leadership styles such as transformational, situational, and servant leadership and apply appropriate approaches to motivate teams, resolve challenges, and foster Collaborative learning.	S	SH	2 (1+1)	Personal Reflection after TeamLeadership Activity (SCRIBE)
BCC 2.33	Inclusivity in Healthcare (Disability Inclusion) 2	Explain the barriers faced by persons with disabilities in accessing healthcare and analyze how inclusive policies and adaptations can promote equitable and dignified care.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 2.34	Concept of One Health 2	Explain how human, animal, and environmental health are interdependent, and analyze the relevance of the One Health approach in addressing challenges such as zoonotic diseases, anti microbial resistance, and climate- related health risks.	K	KH	2 (1+1)	Personal Reflection after case study analysis during class (SCRIBE)
BCC 2.35	Ethics of Artificial Intelligence 2	Apply ethical frameworks to analyze case studies involving artificial intelligence in healthcare, focusing on issues such as bias, transparency, and data security.	S	SH	2 (1+1)	Personal Reflection after case study analysis during class (SCRIBE)
BCC 2.36	Interprofessional Education 2	Participate actively in inter professional learning activities by engaging in collaborative discussions, respecting diverse roles, and contributing to shared Clinical decision-making with In a healthcare team.	S	SH	2 (1+1)	Personal Reflection (SCRIBE) after IPE activity

BCC 2.37	Strategies for Professional Development 2	Demonstrate new knowledge gained through self-directed learning and engage in practices that support continuous improvement and long-term career development in medicine.	K	KH	2 (1+1)	Evidence on SCRIBE
BCC 2.38	Mentorship 2	Engage meaningfully in a mentorship relationship by working collaboratively with a mentor, setting short- term learning goals, seeking feedback, and reflecting on personal and professional growth.	S	SH	2 (1+1)	Personal Reflection after mentor-mentee discussion (SCRIBE)
BCC 2.39	Scholarship in Medical Education 2	Gain insights into different available platforms and engage in scholarly activities such as educational research, presentations and demonstrate curiosity, reflection, and commitment to improving medical education.	S	SH	3 (1+2)	Personal Reflection and evidence of scholarly engagement in SCRIBE
BCC 2.40	Entrustable Professional Activities 2	Explain the concept of Entrustable Professional Ethical Actions (EPEAs) as a subset of EPAs that focus on ethical behavior, and understand its importance in patient care.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
		END OF SEMESTER 4 ASSESSMENT			3 + 1	30 Case Based MCQ + 5 new Kudos Points in SCRIBE (excluding weekly reflections)
		END OF YEAR 2 ASSESSMENT				

YEAR 3

- Total Semesters : 2
- Total Sessions : 40 (Semester 5 (20) + Semester 6 (20))
- Total Credits of Year 2 : 94
- Total Credits in Semester 5 : 47
- Total Credits in Semester 6 : 47

YEAR 3

SEMESTER 5

Competency Code	Topic	Competency	Domain	Level	CreditHours (Lecture + Assessment)	Assessment Methods
BCC 3.1	Dealing with anger and using an Agreement Frame	Understand the impact of anger on communication and know the principles of using an agreement frame to de-escalate conflict and promote respectful dialogue in healthcare settings.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 3.2	Physician Rights	Describe the fundamental rights of physicians, including the right to a safe working environment, professional autonomy, due process, and protection against discrimination and violence in the work place.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 3.3	Generational Trauma in Healthcare	Explain the concept of generational trauma and know its impact on health beliefs, behaviors, and patient-provider interactions, particularly among marginalized and historically oppressed communities.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)

BCC 3.4	Teamwork & Collaboration 3	Demonstrate effective team work by contributing to shared goals, adapting to team roles, providing constructive feedback, and resolving conflicts collaboratively in clinical or academic environments.	S	SH	3 (1+2)	Personal Reflection (SCRIBE) + Constructive feedback Form to team
BCC 3.5	Effective and Responsible management of time	Describe the importance of effective and responsible time management in medical education and know basic strategies for prioritizing tasks, setting goals, and balancing academic, clinical, and personal responsibilities.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 3.6	The Ethics of Organ Transplantation	Describe tethical principles involved in organ transplantation and know the key issues such as informed consent, allocation fairness, brain death criteria, and preventing organ trafficking.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 3.7	The Ethics of Do Not Resuscitate Orders	Explain the ethical considerations related to Do Not Resuscitate (DNR) orders and the importance of clear communication in end-of-life decision-making.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 3.8	The Ethics of Abortion	Describe the ethical dimensions of abortion, including respect for reproductive autonomy, considerations of fetal rights, and the influence of legal, cultural, and religious perspectives on clinical decision-making.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 3.9	The Ethics of Gene Editing	Explain the ethical issues related to gene editing technologies, including concerns about safety, consent, equity, and the distinction between the rapeutic and enhancement applications.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 3.10	Planetary Health & Wellbeing 3	Advocate for planetary health by sharing evidence-based information, participating in awareness initiatives, and encouraging sustainable practices within the healthcare and academic community.	S	SH	3 (1+2)	Personal Reflection (SCRIBE)+Advocacy activity report

BCC 3.11	Mental and Physical Well - Being 3	Promote a culture of well-being by sharing healthy practices and supporting peers during stress within the learning or clinical environment.	S	SH	3 (1+2)	Personal Reflection (SCRIBE) + Peer Support story
BCC 3.12	Legal issues in Healthcare-3	Apply legal principles to analyze case scenarios involving consent, negligence, documentation, and patient rights, and explain the professional responsibilities in responding to medico-legal situations.	S	SH	2 (1+2)	Personal Reflection after case study in class (SCRIBE)
BCC 3.13	Social Emotional Learning	Describe the core components of Social Emotional Learning, including self-awareness, self-management, social awareness, relationship skills, and responsible decision-making, and explain their relevance in personal growth and professional behavior.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 3.14	Motivating the Patient for Recovery	Explain the psychological and communication strategies that support patient motivation during recovery, including goal setting, positive reinforcement, empathetic listening, and addressing emotional barriers to healing.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 3.15	Neuro-Linguistic Programming (NLP) -1	Describe the basic principles of Neuro-Linguistic Programming (NLP)	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 3.16	Neuro-Linguistic Programming (NLP) - 2	Explain how language patterns, thought processes, and behavioral techniques can influence communication, motivation, and personal development in healthcare settings.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 3.17	Ethics of Telemedicine	Explain the ethical considerations in telemedicine, and maintaining professional standards in virtual consultations.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 3.18	Mindfulness in Medical Training	Describe the role of mindfulness in managing stress, enhancing focus, and promoting emotional regulation and resilience among medical students and professionals.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)

BCC 3.19	Emotional Intelligence 3	Recognize the role of emotional intelligence in professional settings and learn to practice applying its components such as empathy, self-regulation, and social awareness in everyday clinical and academic situations.	K, S	KH, SH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 3.20	Understanding Caregiver emotions	Explain the emotional experiences commonly faced by caregivers, including stress, guilt, burnout, and compassion fatigue, and recognize their impact on caregiving quality and patient outcomes.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
		END OF SEMESTER 5 ASSESSEMENT			3 + 1	30 Case Based MCQ + 5 new Kudos Points in SCvRIBE (excluding weekly reflections)

SEMESTER 6

Competency Code	Topic	Competency	Domain	Level	CreditHours (Lecture + Assessment)	Assessment Methods
BCC 3.21	Power Dynamics in Healthcare	Explain how power dynamics between healthcare providers, patients, and team members can influence communication, decision-making, and ethical practice in clinical settings.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 3.22	Doctor–Patient Relationship 3	Analyze factors that strengthen or weaken the doctor–patient relationship in diverse clinical contexts, and demonstrate the ability to adapt communication and relational strategies to uphold trust, empathy, and patient-centered care in ethically or emotionally complex situations.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)

BCC 3.23	Microaggressions in Medical Education	Identify examples of micro aggressions in clinical and academic settings and explain their impact on learning environments, inclusion, and student well-being.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 3.24	Stigma in Mental Health Care	Explain how stigma affects the diagnosis, treatment, and patient experience in mental healthcare, and identify strategies to reduce bias and promote supportive care.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 3.25	Professional Identity Formation 3	Value the influence of role models and reflect on personal experiences during medical school through to articulate how these shape your vision of the kind of doctor you aspire to become.	A	SH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 3.26	Imposter Syndrome in Medical Training	Describe the features of imposter syndrome in medical learners and explain its impact on performance, confidence, and mental health	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 3.27	Introduction to Research Ethics 3	Analyze real case studies to identify ethical and unethical research practices, and apply ethical principles to evaluate informed consent, risk– benefit balance, participant rights, and researcher responsibilities.	S	SH	3 (1+2)	Personal Reflection (SCRIBE) + Case analysis report
BCC 3.28	Social Accountability - 3	Recognize how current clinical learning experiences such as participating in ward rounds, outpatient care, and community visits can contribute to social accountability by addressing real patient needs, understanding health disparities, and linking individual care to broader community health priorities.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 3.29	Ethics of Medical Tourism	Explain the ethical issues associated with medical tourism, including disparities in access, informed consent across borders, continuity of care, and exploitation of vulnerable populations.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)

BCC 3.30	Decolonizing Global Health	Explain the concept of decolonizing global health and analyze how historical power imbalances influence research, resource distribution, and healthcare delivery in low-and middle-income contexts.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 3.31	Ethics of Communication 3	Explain how tone, body language, and conversational techniques can ethically influence clinical interactions, including how blocking language may hinder trust and how leading conversations respectfully supports shared decision-making.	S	SH	3 (1+2)	Personal Reflection (SCRIBE)+OSPE Activity
BCC 3.32	Leadership Development 3	Demonstrate leadership and teamwork skills in breakout rooms by taking turns to lead, follow, and observe during group discussions and reflect on how each role contributes to effective team functioning and shared responsibility.	S	SH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 3.33	Inclusivity in Healthcare (Racial & Cultural Inclusion) 3	Examine how racial and cultural factors influence patient experiences and health outcomes, and reflect on ways to promote inclusive clinical environments through respectful communication, culturally sensitive care, and advocacy for equity.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 3.34	Concept of One Health 3	Apply the One Health approach by identifying clinical or community health issues that involve human, animal, and environmental interactions, and collaborate in discussions that address these interconnected challenges.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 3.35	Ethics of Artificial Intelligence 3	Explain the ethical considerations involved in each phase of integrating artificial intelligence such as the development, validation, and implementation of AI in healthcare.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)

BCC 3.36	Interprofessional Education 3	Participate actively in interprofessional learning discussions or debrief sessions by sharing perspectives, listening to team members from other health professions, and reflecting on how collaborative dialogue enhances patient care and team understanding.	S	SH	3 (2+1)	Personal Reflection (SCRIBE)+IPE Session report
BCC 3.37	Strategies for Professional Development 3	Recognize the importance of academic networking in professional growth and identify strategies to build and sustain meaningful academic connections.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 3.38	Mentorship 3	Demonstrate the ability to receive, reflect on, and apply feedback from mentors to improve academic performance, professional behavior, and personal development.	S	SH	2 (1+1)	Personal Reflection after mentoring sessions (SCRIBE)
BCC 3.39	Scholarship in Medical Education 3	Initiate participation in an educational research activity under the guidance of a mentor or supervisor to develop foundational skills in scholarly inquiry.	S	SH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 3.40	Entrustable Professional Activities 3	Begin engaging with EPA by observing, assisting, and gradually performing basic clinical tasks under supervision, while seeking feedback to understand expectations for safe and trustworthy practice.	S	SH	2 (1+1)	Personal Reflection (SCRIBE)
		END OF SEMESTER 6 ASSESSEMENT			3 + 1	30 Case Based MCQ + 5 new Kudos Points in SCRIBE (excluding weekly reflections)
		END OF YEAR 3 ASSESSMENT				

YEAR 4

- Total Semesters : 2
- Total Sessions : 40 (Semester 7 (20) + Semester 8 (20))
- Total Credits of Year 2 : 96
- Total Credits in Semester 7 : 46
- Total Credits in Semester 8 : 50

YEAR 4

SEMESTER 7

Competency Code	Topic	Competency	Domain	Level	CreditHours (Lecture + Assessment)	Assessment Methods
BCC 4.1	Charismatic behaviour	Recognize the key traits of charismatic behavior such as confidence, clarity, active listening, and emotional presence to communicate with authenticity and positive influence in clinical and academic settings.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 4.2	Enhancing learning techniques	Know evidence-based learning strategies such as spaced repetition, active recall, concept mapping, and self-assessment, and be able to apply them to improve retention, critical thinking, and preparation for clinical practice and exam.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 4.3	Teamwork & Collaboration 4	Demonstrate leadership, cooperation, and mutual support while working with fellow students in clinical teams, effectively managing shared responsibilities and peer conflicts to ensure adequate learning outcomes.	S	SH	2 (1+2)	Personal Reflection-after team work (SCRIBE)

BCC 4.4	Enhancing Positive thinking	Recognize the role of positive thinking in managing stress, maintaining motivation, and improving resilience, and adopt strategies focusing on solutions to support personal and professional growth.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 4.5	Enhancing Critical Thinking	Understand the principles of critical thinking and apply them in clinical and academic settings by analyzing information objectively, questioning assumptions, evaluating evidence, and making reasoned decisions.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 4.6	Enhancing Creative thinking	Describe the importance of creative thinking in medical practice and apply strategies such as brainstorming, lateral thinking, and open-ended exploration to generate innovative solutions.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 4.7	Principles of Healthcare Administration, Management and Finance issues -1	Describe the basic principles of healthcare administration, including organizational structure, resource management, and financial considerations.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 4.8	Principles of Healthcare Administration, Management and Finance issues- 2	Explain how healthcare institutions make administrative and financial decisions, and analyze the impact of budgeting, human resource allocation, and cost-effectiveness on quality of care and service delivery.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 4.9	Shame, Guilt, and Growth in Medical Practice	Recognize the emotional experiences of shame and guilt in clinical practice and reflect on how these feelings can be acknowledged, processed, and transformed into opportunities.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 4.10	Recognizing and Managing Clinical Uncertainty	Identify sources of clinical uncertainty in diagnosis and treatment, and apply strategies to manage uncertainty with professionalism and confidence.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)

BCC 4.11	Sensitivity and Inclusivity in Language	Recognize the impact of language on patient dignity and trust, and demonstrate the use of sensitive, inclusive, and non-stigmatizing language when communicating with patients, families, and healthcare teams.	K, S	KH, SH	2 (1+1)	Personal Reflection after Communication Practice (SCRIBE)
BCC 4.12	Planetary Health & Wellbeing 4	Demonstrate active participation in peer-led initiatives that promote environmental responsibility and planetary health within academic settings, such as organizing awareness campaigns, audits, or sustainability practices.	S	SH	3 (1+2)	Personal Reflection (SCRIBE)+ Evidence of Participation
BCC 4.13	Public Humiliation & Strategies	Recognize the negative impact of public humiliation on learning, self-esteem, and professional identity, and reflect on constructive strategies to respond to, cope with, and prevent such experiences.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 4.14	Mental and Physical Well-Being 4	Consistently apply and maintain personal strategies for mental and physical well-being during clinical duties, such as setting boundaries, managing stress proactively, seeking support when needed, and sustaining self-care routines.	S	Does	3 (1+2)	Personal Reflection (SCRIBE)+ Portfolio
BCC 4.15	Legal issues in Healthcare-4	Apply relevant legal principles in real clinical situations by documenting accurately, maintaining patient confidentiality, and responding appropriately to medico-legal concerns encountered during clinical rotations.	S	SH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 4.16	Ethics of Geriatric Care and Ageism in Medicine	Identify ethical issues in the care of older adults and recognize how ageist attitude can negatively influence Clinical judgment, communication, and the quality of care.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)

BCC 4.17	Trauma - Informed Care in Survivors of Abuse or Conflict	Explain the principles of trauma-informed care and demonstrate the ability to create a safe, respectful, and supportive clinical environment when caring for individuals who have experienced abuse, violence, or conflict-related trauma.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 4.18	Emotional Intelligence 4	Consistently demonstrate emotional intelligence in clinical environments by regulating personal emotions, de-escalating tense interactions, and adapting communication styles to support effective, Compassionate care in high-stress situations.	S	Does	3 (1+2)	Personal Reflection (SCRIBE)+ Portfolio
BCC 4.19	Health Needs of Migrants, Refugees, and Stateless Populations	Describe the unique health challenges faced by migrants, refugees, and stateless populations and the need for coordinated, culturally sensitive, and rights- based healthcare responses.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 4.20	Saying 'I Don't Know' in Clinical Practice	Recognize the importance of acknowledging uncertainty in clinical settings and develop the confidence to say 'I don't know' appropriately, while demonstrating commitment to seeking accurate information and maintaining patient trust.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
		END OF SEMESTER 7 ASSESSESSMENT			3 + 1	30 Case Based MCQ

SEMESTER 8

Competency Code	Topic	Competency	Domain	Level	CreditHours (Lecture + Assessment)	Assessment Methods
BCC 4.21	'VIP Patients' and Preferential Treatment	Understand the ethical implications of preferential treatment for VIP patients and reflect on how to maintain fairness, objectivity, and professional integrity While managing pressures that may compromise equitable patient care.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 4.22	Doctor–Patient Relationship 4	Establish commitment to sustain respectful, trust-based relationships with patients and families during clinical care by demonstrating empathy, active listening, shared decision-making, and appropriate professional boundaries in diverse and emotionally complex situations	K, S	KH, SH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 4.23	Treating Victims vs. Perpetrators: When Ethics Is Tested by Crime	Recognize the ethical duty to provide unbiased, humane medical care to all individuals, including both victims and alleged perpetrators of crimes, and reflect on personal values, societal biases, and professional obligations when ethical tensions arise.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 4.24	The Hidden Curriculum	Identify and critically reflect on the unspoken values, norms, and behaviors transmitted through the clinical learning environment, and recognize their influence on professional identity, ethical decision-making, and patient-centered care.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 4.25	Professional Identity Formation 4	Consistently embody the values, responsibilities, and behaviors of a medical professional in real-world clinical environments by upholding ethical standards, modeling integrity, and reflecting on one's growth to guide future practice.	S	Does	3 (1+2)	Personal Reflection (SCRIBE)+ Portfolio

BCC 4.26	What Will They Remember You For? Exploring Legacy in Daily Practice	Reflect on how everyday clinical actions, behaviors, and choices contribute to one's professional legacy, and cultivate habits that uphold compassion, respect, and integrity in interactions with patients, peers, and society.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 4.27	Practicing Medicine as a Purpose-Driven Act	Reflect on personal values and motivations for entering medicine, and integrate purpose-driven thinking into daily clinical practice to foster resilience, empathy, and a sustained commitment to patient-centered care.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 4.28	Introduction to Research Ethics 4	Apply ethical principles in real research settings by identifying and addressing ethical concerns in ongoing or proposed studies, ensuring informed consent, confidentiality, and integrity in collaboration with research teams.	S	SH	2 (1+1)	Personal Reflection after team discussion (SCRIBE)
BCC 4.29	Social Accountability - 4	Demonstrate social accountability by actively participating in or observing health initiatives that address the needs of under served communities, advocate for equity in care delivery, and align clinical practice with local population health priorities.	S	SH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 4.30	Ethics of Communication 4	Consistently apply ethical principles in clinical communication by disclosing medical errors sensitively, delivering difficult news with honesty and compassion, and ensuring patient understanding while respecting autonomy and cultural values.	S	Does	3 (1+2)	Personal Reflection (SCRIBE)+ Portfolio
BCC 4.31	Leadership Development 4	Demonstrate leadership by effectively guiding a peer group during clinical tasks/learning activity by facilitating inclusive decision-making, resolving conflicts constructively, and reflecting on personal leadership style to enhance team outcomes.	S	Does	3 (1+2)	Personal Reflection (SCRIBE)+ Portfolio

BCC 4.32	Inclusivity in Healthcare 4	Proactively advocate for inclusive care in clinical settings by addressing biased language or behavior, adapting communication for diverse needs, and commit to ensuring that patients of all gender identities, abilities, cultures, and racial backgrounds receive respectful, Equitable treatment.	S	SH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 4.33	Concept of One Health 4	Actively apply One Health principles in clinical or community settings by integrating human, animal, and environmental health to address given case-based scenarios.	S	SH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 4.34	Ethics of Artificial Intelligence 4	Demonstrate ethical reasoning in clinical contexts involving AI by critically evaluating AI tools for bias, transparency, and safety, and by participating in decisions about their appropriate use in diagnosis, treatment, or patient monitoring.	S	SH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 4.35	Inter professional Education 4	Engage effectively in inter professional learning teams by contributing knowledge expertise, respecting the roles of other professionals, facilitating collaborative decision-making, and reflecting on team dynamics to improve patient-centered care.	S	SH	3 (1+2)	Personal Reflection (SCRIBE)+Report of learning through IPE
BCC 4.36	Strategies for Professional Development 4	Consistently demonstrate commitment to lifelong learning by actively implementing strategies for professional growth, such as building academic networks, attending conferences, seeking mentorship, and engaging in reflective practices that align with career goals.	S	Does	3 (1+2)	Personal Reflection (SCRIBE)+ Portfolio

BCC 4.37	Mentorship 4	Engage in a sustained mentorship relationship by seeking and applying constructive feedback, setting learning goals, and reflecting on personal growth while contributing positively to peer or junior learners through informal mentorship.	S	Does	3 (1+2)	Personal Reflection (SCRIBE)+ Portfolio
BCC 4.38	Scholarship in Medical Education 4	Demonstrate scholarly engagement by submitting a research manuscript for peer review, and contributing to the advancement of medical education through dissemination of findings.	S	SH	3 (1+2)	Personal Reflection (SCRIBE)+ Evidence of Research paper submission
BCC 4.39	Entrustable Professional Activities 4	Demonstrate readiness to perform selected clinical tasks under appropriate supervision by linking acquired competencies to Entrustable Professional Activities, and Reflect on feedback to improve performance and build Trust in real patient care settings.	K, S	KH, SH	2 (1+1)	Personal Reflection (SCRIBE)
BCC 3.40	Exploring Career Pathways	Know the various career path ways available to medical graduates in India and abroad, including postgraduate education, research, clinical practice, public health, and emerging global opportunities.	K	KH	2 (1+1)	Personal Reflection (SCRIBE)
		END OF SEMESTER 8 ASSESSEMENT			3	30 Case Based MCQ
